MOS Student in the News!

The Mission City Record recently reported that Blake Davies, a local motocross driver, recently won the Iron Horse Arenacross event in Rimbey, Alberta. His choice to study with Mission Online gives him the freedom to learn at his own pace while train-

ing for the demanding sport. Blake wrote: "Doing online school has opened up a lot of opportunities for me. Being able to do school on my own time allows me to skip days when I'm gone or have a really busy day. When I do this I don't fall behind in school, I just pick up where I left off. This takes a lot of stress off me. Another benefit is I don't waste any time. I don't have to wait for other kids, I can go at my own pace this gives me a ton of extra time for extra activities helping me push my dream."

Blake's mother agrees: "It definitely helps for our lifestyle with the flexibility. We travel a lot for motocross, so not missing structured school days and working at his own pace works really for us. Having a flexible schedule opens up a lot of time and opportunities for Blake. " Congratulations, Blake, on your achievement as a motocross competitor!
