TO:                Committee of the Whole  
SUBJECT:        Funding Model Review

---

**Summary:**

At the Committee of the Whole meeting on February 5, 2019, the Committee decided to schedule a special meeting to discuss the Funding Model Review report.

The Ministry of Education initiated a review of the K-12 public education funding formula in 2017. An independent panel was appointed to review and provide recommendations to the way funding is allocated. The Panel's review included meetings with all 60 school districts and stakeholders, as well as reviewing over 100 written submissions. A new implementation team was formed in late 2018.

The report is available on the district website or by clicking [here](#).
