**ITEM 5.1      Information**

TO:                Committee of the Whole  
FROM:            Corien Becker, Secretary Treasurer  
SUBJECT:        Student Enrolment Data

---

The following pages summarize student enrolment data for the Mission Public School District.

1. The first sheet summarizes the enrolment information for each school in the Mission Public School District. It includes enrolment information for MPSD students attending school in Maple Ridge/Pitt Meadows. While over 200 students also attend Abbotsford schools, this enrolment data has not been analyzed at this time.
2. The second sheet analyzes the students from the specific sub-catchment areas of Silverdale School, as well as the sub-catchment Steelhead area for Albert McMahan. This information documents the number of students in the sub-catchment areas that attend a school in MPSD, and the % of those students that actually attend their catchment area school. The data that enables this analysis does not provide info on the number of students in each sub-catchment area that attend out of the School District.
3. The third sheet provides a number of enrolment projections if the Stave Falls School opened, and various options and boundary reconsiderations.
