School District No. 75 (Mission)

MANAGEMENT REPORT

Version: 1082-9336-7354

Management's Responsibility for the Financial Statements.

The accompanying financial statements of School District No. 75 (Mission) have been prepared by management in accordance with the accounting requirements of Section 23.1 of the Budget Transparency and Accountability Act of British Columbia, supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board, and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all of the notes to the financial statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements.

The preparation of financial statements necessarily involves the use of estimates based on management's judgment particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and reliable financial information is produced.

The Board of Education of School District No. 75 (Mission) (called the "Board") is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and exercises these responsibilities through the Board. The Board reviews internal financial statements on a quarterly basis and externally audited financial statements yearly.

The external auditors, KPMG LLP, conduct an independent examination, in accordance with Canadian generally accepted auditing standards, and express their opinion on the financial statements. The external auditors have full and free access to financial management of School District No. 75 (Mission) and meet when required. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the School District's financial statements.

On behalf of School District No. 75 (Mission)

INDEPENDENT AUDITOR'S REPORT

To the Board of Education of School District No. 75 (Mission), and
To the Minister of Education and Child Care, Province of British Columbia

Opinion

We have audited the financial statements of School District No. 75 (Mission), (the "Entity"), which comprise:

- the statement of financial position as at June 30, 2023
- the statement of operations for the year then ended
- the statement of changes in net debt for the year then ended
- the statement of cash flows for the year then ended
- and notes to the financial statements, including a summary of significant accounting policies

(Hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements as at and for the year ended June 30, 2023 of the Entity are prepared, in all material respects, in accordance with the financial reporting provisions of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "***Auditor's Responsibilities for the Audit of the Financial Statements***" section of our auditor's report.

We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter – Financial Reporting Framework

We draw attention to Note 2(a) to the financial statements which describes the applicable financial reporting framework and the significant differences between the financial reporting framework and Canadian public sector accounting standards.

Our opinion is not modified in respect of this matter.

Emphasis of Matter – Comparative Information

We draw attention to Note 23 to the financial statements which explains that certain comparative information presented for the year ended June 30, 2022 has been restated. Note 23 explains the reason for the restatement and also explains the adjustments that were applied to restate certain comparative information.

Our opinion is not modified in respect of this matter.

Other Matter – Comparative Information

As part of our audit of the financial statements for the year ended June 30, 2023, we also audited the adjustments that were applied to restate certain comparative information presented for the year ended June 30, 2022. In our opinion, such adjustments are appropriate and have been properly applied.

Other Information

Management is responsible for the other information. Other information comprises:

- Information, other than the financial statements and auditor's report thereon, included in the Financial Statement Discussion and Analysis document
- Unaudited Schedules 1-4 attached to the audited financial statements

Our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We obtained the information, other than the financial statements and auditor's report thereon, included in the Financial Statement Discussion and Analysis document and the Unaudited Schedules 1-4 attached to the audited financial statements as at the date of this auditor's report. If, based on the work we have performed on this other information, we conclude that there is a material misstatement of this other information, we are required to report that fact in the auditor's report.

We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of the financial statements in accordance with the financial reporting provisions of Section 23.1 of the Budget and Transparency and Accountability Act of the Province of British Columbia and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.

- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

School District No. 75 (Mission)

Notes to the Financial Statements

June 30, 2023

1. Authority and purpose

The School District, established on April 12, 1946, operates under authority of the *School Act* of British Columbia as a corporation under the name of "The Board of Education of School District No. 75 (Mission)", and operates as "School District No. 75 (Mission)". A board of education ("Board"), elected for a four-year term, governs the School District. The School District provides educational programs to students enrolled in schools in the District and is principally funded by the Province of British Columbia through the Ministry of Education and Child Care (MECC). School District No. 75 (Mission) is exempt from federal and provincial corporate income taxes.

2. Summary of significant accounting policies

The financial statements of the School District are prepared by management in accordance with the basis of accounting described below. Significant accounting policies of the School District are as follows:

a) Basis of Accounting

These financial statements have been prepared in accordance with Section 23.1 of the *Budget Transparency and Accountability Act of the Province of British Columbia*. This Section requires that the financial statements be prepared in accordance with Canadian public sector accounting standards except with respect to the accounting for government transfers as set out in notes 2(e) and 2(m).

In November 2011, Treasury Board provided a directive through Restricted Contributions Regulation 198/2011 providing direction for the reporting of restricted contributions whether they are received or receivable by the School District before or after this regulation was in effect.

As noted in 2(e) and 2(m), Section 23.1 of the *Budget Transparency and Accountability Act*, and its related regulations, require the School District to recognize government transfers for the acquisition of capital assets into revenue on the same basis as the related amortization expense. As these transfers do not contain stipulations that create a liability, Canadian public sector accounting standards would require that:

- government transfers, which do not contain a stipulation that creates a liability, be recognized as revenue by the recipient when approved by the transferor and the eligibility criteria have been met in accordance with public sector accounting standard PS3410; and
- externally restricted contributions be recognized as revenue in the period in which the resources are used for the purpose or purposes specified in accordance with public sector accounting standard PS3100.

b) Cash and cash equivalents

Cash and cash equivalents include cash deposits in the bank and deposits in the Provincial Ministry of Finance Central Deposit Program that are readily convertible to known amounts of cash and that are subject to an insignificant risk of change in value. Cash equivalents generally have a maturity of three months or less at acquisition and are held for the purpose of meeting short term cash commitments rather than for investing.

School District No. 75 (Mission)

Notes to the Financial Statements

June 30, 2023

2. Summary of significant accounting policies (continued)

c) Accounts receivable

Accounts receivable is measured at amortized cost and shown net of allowance for doubtful accounts.

d) Unearned revenue

Unearned revenue includes tuition fees received for courses to be delivered in future periods and receipt of proceeds for services or products to be delivered in a future period. Revenue will be recognized in that future period when the courses, services, or products are provided.

e) Deferred revenue and deferred capital revenue

Deferred revenue includes contributions received with stipulations that meet the description of restricted contributions in the Restricted Contributions Regulation 198/2011 issued by Treasury Board. When restrictions are met, deferred revenue is recognized as revenue in the fiscal year in a manner consistent with the circumstances and evidence used to support the initial recognition of the contributions received as a liability as detailed in note 2(m).

Funding received for the acquisition of depreciable tangible capital assets is recorded as deferred capital revenue and amortized over the life of the asset acquired as revenue in the statement of operations. This accounting treatment is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met, unless the transfer contains a stipulation that creates a liability, in which case the transfer is recognized as revenue over the period that the liability is extinguished.

f) Employee future benefits

The School District provides certain post-employment benefits including vested and non-vested benefits for certain employees pursuant to certain contracts and union agreements. The School District accrues its obligations and related costs, including both vested and non-vested benefits, under employee future benefit plans. Benefits include vested sick leave, accumulating non-vested sick leave, early retirement, retirement/severance, vacation, overtime, and death benefits. The benefits cost is actuarially determined using the projected unit credit method pro-rated on service and using management's best estimate of expected salary escalation, termination rates, retirement rates and mortality. The discount rate used to measure obligations is based on the cost of borrowing. The cumulative unrecognized actuarial gains and losses are amortized over the expected average remaining service lifetime of active employees covered under the plan.

The most recent valuation of the obligation was performed at March 31, 2022 and projected to March 31, 2025. The next valuation will be performed at March 31, 2025 for use at June 30, 2025. For the purposes of determining the financial position of the plans and the employee future benefit costs, a measurement date of March 31 was adopted for all periods subsequent to July 1, 2004.

The School District and its employees make contributions to the Teachers' Pension Plan and Municipal Pension Plan. The plans are multi-employer plans where assets and obligations are not separated. The costs are expensed as incurred.

School District No. 75 (Mission)

Notes to the Financial Statements

June 30, 2023

2. Summary of significant accounting policies (continued)

g) Asset Retirement Obligations

A liability is recognized when, as at the financial reporting date:

- there is a legal obligation to incur retirement costs in relation to a tangible capital asset;
- the past transaction or event giving rise to the liability has occurred;
- it is expected that future economic benefits will be given up; and
- a reasonable estimate of the amount can be made.

The School District's asset retirement obligations include the removal of asbestos and other hazardous material in several of the buildings owned by the School District. The estimated costs have been capitalized into the carrying amount of tangible capital assets and are being amortized on the same basis as the related tangible capital asset (see note 2(i)). Assumptions used in the calculations are reviewed annually.

h) Liability for contaminated sites

Contaminated sites are a result of contamination being introduced into air, soil, water, or sediment of a chemical, organic, or radioactive material or live organism that exceeds an environmental standard. The liability is recorded net of any expected recoveries. A liability for remediation of contaminated sites is recognized when a site is not in productive use and all the following criteria are met:

- an environmental standard exists;
- contamination exceeds the environmental standard;
- the School District:
 - is directly responsible; or
 - accepts responsibility;
- it is expected that future economic benefits will be given up; and
- a reasonable estimate of the amount can be made.

The liability is recognized as management's estimate of the cost of post-remediation including operation, maintenance and monitoring that are an integral part of the remediation strategy for a contaminated site.

i) Tangible capital assets

The following criteria apply:

- Tangible capital assets acquired or constructed are recorded at cost, which includes amounts that are directly related to the acquisition, design, construction, development, improvement, or betterment of the assets. Cost also includes overhead directly attributable to construction, as well as interest costs that are directly attributable to the acquisition or construction of the asset.
- Donated tangible capital assets are recorded at their fair market value on the date of donation, except in circumstances where fair value cannot be reasonably determined, which are then recognized at nominal value. Transfers of tangible capital assets from related parties are recorded at carrying value.
- Work-in-progress is recorded as an acquisition to the applicable asset class at substantial completion.

School District No. 75 (Mission)

Notes to the Financial Statements

June 30, 2023

2. Summary of significant accounting policies (continued)

i) Tangible capital assets (continued)

- Tangible capital assets are written down to residual value when conditions indicate they no longer contribute to the ability of the School District to provide services or when the value of future economic benefits associated with the sites and buildings are less than their net book value. The write-downs are accounted for as expenses in the Statement of Operations.
- Buildings that are demolished or destroyed are written-off.
- Works of art, historic assets, and other intangible assets are not recorded as assets in these financial statements.
- The cost, less residual value, of tangible capital assets (excluding sites), is amortized on a straight-line basis over the estimated useful life of the asset. It is management’s responsibility to determine the appropriate useful lives for tangible capital assets. These useful lives are reviewed on a regular basis or if significant events indicate the need to revise. Estimated useful lives are as follows:

Buildings	40 years
Furniture & Equipment	10 years
Vehicles	10 years
Computer Software	5 years
Computer Hardware	5 years

j) Capital leases

Leases that, from the point of view of the lessee, transfer substantially all the benefits and risks incident to ownership of the property to the School District are considered capital leases. These are accounted for as an asset and an obligation. Capital lease obligations are recorded at the present value of the minimum lease payments excluding executor costs, i.e. insurance, maintenance costs, etc. The discount rate used to determine the present value of the lease payments is the lower of the School District’s rate for incremental borrowing or the interest rate implicit in the lease.

All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

k) Prepaid expenses

Various instructional supplies, subscriptions, technology contracts, insurance, employee benefit payments and contracted services are included as a prepaid expense and stated at acquisition cost and are charged to expense over the periods when the related benefits are expected.

l) Funds and reserves

Certain amounts, as approved by the Board, are set aside in accumulated surplus for future operating and capital purposes. Transfers to and from funds and reserves are an adjustment to the respective fund when approved (see note 15 – Interfund transfers and note 21 – Accumulated surplus).

School District No. 75 (Mission)

Notes to the Financial Statements

June 30, 2023

2. Summary of significant accounting policies (continued)

m) Revenue recognition

Revenues are recorded on an accrual basis in the period in which the transactions or events occurred that gave rise to the revenues, and when the amounts are considered to be collectible and can be reasonably estimated.

Contributions received or where eligibility criteria have been met are recognized as revenue except where the contribution meets the criteria for deferral as described below. Eligibility criteria are the criteria that the School District must meet in order to receive the contributions, including authorization by the transferring government.

For contributions subject to a legislative or contractual stipulation, or restriction as to their use, revenue is recognized as follows:

- Non-capital contributions for specific purposes are recorded as deferred revenue and recognized as revenue in the year related expenses are incurred,
- Contributions restricted for site acquisitions are recorded as revenue when the sites are purchased, and
- Contributions restricted for tangible capital assets acquisitions, other than sites, are recorded as deferred capital revenue and amortized over the useful life of the related assets.

Donated tangible capital assets, other than sites, are recorded at fair market value and amortized over the useful life of the assets. Donated sites are recorded as revenue at fair market value when received or receivable.

The accounting treatment for restricted contributions is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met, unless the transfer contains a stipulation that meets the criteria for liability recognition, in which case the transfer is recognized as revenue over the period that the liability is extinguished.

Revenue related to fees or services received in advance of the fee being earned or the service performed is deferred and recognized when the fee is earned, or service performed.

Investment income is reported in the period earned. When required by the funding party or related Act, investment income earned on deferred revenue is added to the deferred revenue balance.

n) Expenses

Expenses are reported on an accrual basis. The cost of all goods consumed, and services received, during the year is expensed.

Categories of Salaries:

- Principals, Vice-Principals, and Directors of Instruction employed under an administrative officer contract are categorized as Principals and Vice-Principals.
- Superintendents, Assistant Superintendents, Secretary Treasurers, Trustees, and other employees excluded from union contracts are categorized as Other Professionals.

School District No. 75 (Mission)

Notes to the Financial Statements

June 30, 2023

2. Summary of significant accounting policies (continued)

n) Expenses (continued)

Allocation of costs:

- Operating expenses are reported by function, program, and object. Whenever possible, expenses are determined by actual identification. Additional costs pertaining to specific instructional programs, such as special and Indigenous education, are allocated to these programs. All other costs are allocated to related programs.
- Actual salaries of personnel assigned to two or more functions or programs are allocated based on the time spent in each function and program. School based clerical salaries are allocated to school administration and partially to other programs to which they may be assigned. Principals and Vice-Principals salaries are allocated to school administration and may be partially allocated to other programs to recognize their other responsibilities.
- Employee benefits and allowances are allocated to the same programs, and in the same proportions, as the individual's salary.
- Supplies and services are allocated based on actual program identification.

o) Financial instruments

A contract establishing a financial instrument creates, at its inception, rights, and obligations to receive or deliver economic benefits. The financial assets and financial liabilities portray these rights and obligations in the financial statements. The School District recognizes a financial instrument when it becomes a party to a financial instrument contract.

Financial instruments consist of cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities, long term debt and other liabilities.

All financial assets and liabilities are recorded at cost or amortized cost and the associated transaction costs are added to the carrying value of these investments upon initial recognition. Transaction costs are incremental costs directly attributable to the acquisition or issue of a financial asset or a financial liability.

Unrealized gains and losses from changes in the fair value of financial instruments are recognized in the statement of re-measurement gains and losses. Upon settlement, the cumulative gain or loss is reclassified from the statement of re-measurement gains and losses and recognized in the statement of operations. Interest and dividends attributable to financial instruments are reported in the statement of operations. There were no measurement gains or losses during the periods presented; therefore, no statement of re-measurement gains and losses is included in these financial statements.

All financial assets except derivatives are tested annually for impairment. When financial assets are impaired, impairment losses are recorded in the statement of operations.

For financial instruments measured using amortized cost, the effective interest rate method is used to determine interest revenue or expense.

School District No. 75 (Mission)

Notes to the Financial Statements

June 30, 2023

2. Summary of significant accounting policies (continued)

p) Measurement uncertainty

Preparation of financial statements in accordance with the basis of accounting described in note 2(a) requires management to make estimates and assumptions that impact reported amounts of assets and liabilities at the date of the financial statements, and revenues and expenses during the reporting periods. Areas requiring the use of management estimates relate to the potential impairment of assets, asset retirement obligations, liabilities for contaminated sites, rates for amortization and estimated employee future benefits. Actual results could differ from those estimates.

q) Future changes in accounting policies

PS 3400 Revenue issued November 2018 establishes standards on how to account for, and report on, revenue and is effective July 1, 2023. Specifically, it differentiates between revenue arising from transactions that include performance obligations, referred to as "exchange transactions", and transactions that do not have performance obligations, referred to as "non-exchange transactions".

Revenue from transactions with performance obligations should be recognized when the School District satisfies a performance obligation by providing the promised goods or services to a payor.

Revenue from transactions with no performance obligations should be recognized when a school district:

- (a) has the authority to claim or retain an inflow of economic resources; and
- (b) identifies a past transaction or event that gives rise to an asset.

This standard may be applied retroactively or prospectively. Management is in the process of assessing the impact of adopting this standard on the School District's financial results.

3. Accounts receivable – other

Balance, end of year	\$ 2,709,013	\$ 1,655,334
Total deferred capital revenue, end of year	\$ 50,572,719	\$ 50,050,601

8. Employee future benefits

Benefits include vested sick leave, accumulating non-vested sick leave, retirement, severance, vacation, overtime, and death benefits. Funding is provided when the benefits are paid and accordingly, there are no plan assets. Although no plan assets are uniquely identified, the School District has provided for the payment of these benefits.

10. Debt

The following loans approved under Section 144 of the School Act are outstanding:

	2023	2022
Loan 1: Demand equipment financing loan of \$190,000, approved on October 12, 2021, borrowed on November 30, 2021, from the Municipal Finance Authority of BC, for a term of 5 years, bearing interest at a variable rate (5.06% as of June 30, 2023), repayable in blended monthly principal and interest payments of \$3,243, due November 30, 2026, unsecured. Principal and interest paid to date are \$54,041 and \$7,579 respectively.	\$ 135,959	\$ 168,505
Loan 2: Demand equipment financing loan of \$450,000, approved on May 19, 2022, borrowed on July 15, 2022, from the Municipal Finance Authority of BC, for a term of 5 years, bearing interest at a variable rate (5.06% as of June 30, 2023), repayable in blended monthly principal and interest payments of \$7,770, due July 31, 2027, unsecured. Principal and interest paid to date are \$68,746 and \$17,165 respectively.	381,254	-
Loan 3: Demand equipment financing loan of \$480,000, approved on March 2, 2023, borrowed on June 15, 2023, from the Municipal Finance Authority of BC, for a term of 5 years, bearing interest at a variable rate (5.06% as of June 30, 2023), repayable in blended monthly principal and interest payments of \$9,074, due June 30, 2028, unsecured. Principal and interest paid to date are \$ nil and \$1,065 respectively.	480,000	-
	<u>997,213</u>	<u>168,505</u>

Anticipated annual principal repayments over the next five years and thereafter are as follows:

2024	\$ 194,913
2025	205,131
2026	215,755
2027	221,223
2028	160,191
	<u>\$ 997,213</u>

The School District also has an approved line of credit of \$1.0 million with interest at the bank's prime rate minus 0.25%. As of June 30, 2023, the School District had \$ nil borrowings (2022: \$ nil) under this facility.

11. Capital lease obligations

The School District has an approved revolving term lease of \$750,000. As of June 30, 2023, the School District had \$ nil borrowings (2022: \$ nil) under this facility.

13. Disposal of sites and buildings

The Cade Barr school site and building located at 33447 Dewdney Trunk Road, Mission, BC, originally acquired in 1948, was disposed of in August 2022.

Gross sale proceeds: 699,273

Original cost:

Land	2,000
Buildings	66,203
Buildings - Preparation for sale	41,421
Total original cost	109,624

Net carrying value of tangible capital assets disposed of:

Land	2,000
Buildings - Preparation for sale	41,421
Net carrying value - assets disposed of	43,421

Allocation of sale proceeds:

Ministry portion of proceeds - Restricted capital (75%)	524,455
District portion of proceeds - Local capital (25%)	174,818
Total allocation of sale proceeds	699,273

Gain (Loss) on disposal of tangible capital assets:

Gross sale proceeds	699,273
Less: Original land cost	(2,000)
Less: Unamortized building cost (preparation for sale)	(41,421)
Less: Ministry restricted capital	(524,455)
Gain on disposal of tangible capital assets	131,398

School District No. 75 (Mission)

Notes to the Financial Statements

June 30, 2023

14. Employee pension plans

The School District and its employees contribute to the Teachers' Pension Plan and Municipal Pension Plan (jointly trustee pension plans). The boards of trustees for these plans, representing plan members and employers, are responsible for administering the pension plans, including investing assets and administering benefits. The plans are multi-employer defined benefit pension plans. Basic pension benefits provided are based on a formula. As at December 31, 2022 the Teachers' Pension Plan has about 51,000 active members and approximately 41,000 retired members. As at December 31, 2022, the Municipal Pension Plan has about 240,000 active members, including approximately 30,000 from school districts.

Every three years, an actuarial valuation is performed to assess the financial position of the plans and the adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plans. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plans. This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

The most recent actuarial valuation of the Teachers' Pension Plan as at December 31, 2020, indicated a \$1,584 million surplus for basic pension benefits on a going concern basis.

The most recent actuarial valuation for the Municipal Pension Plan as at December 31, 2021, indicated a \$3,761 million funding surplus for basic pension benefits on a going concern basis.

The School District paid \$6,234,053 for employer contributions to the plans for the year ended June 30, 2023 (2022: \$5,696,668).

The next valuation for the Teachers' Pension Plan will be as at December 31, 2023. The next valuation for the Municipal Pension Plan will be as at December 31, 2024, with results available in 2025.

Employers participating in the plans record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plans record accrued liabilities and accrued assets for each plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plans.

School District No. 75 (Mission)

Notes to the Financial Statements

June 30, 2023

15. Interfund transfers

Interfund transfers between the operating, special purpose and capital funds for the year ended June 30, 2023, were as follows:

	2023	2022
Capital assets purchased from Operating Fund	\$ 181,177	\$ 110,331
Capital assets purchased from FN Student Transportation Fund	-	6,936
Capital assets purchased from Federal Safe Return to Class Fund	-	102,006
Local Capital allocation from Operating Fund	457,000	896,309
Local Capital allocation from Operating Fund for capital loan	125,891	22,705

16. Related party transactions

The School District is related through common ownership to all Province of British Columbia ministries, agencies, school districts, health authorities, colleges, universities, and crown corporations. Transactions with these entities, unless disclosed separately, are considered to be in the normal course of operations and are recorded at the exchange amount.

17. Contractual rights

Contractual rights are rights to economic resources arising from contracts or agreements that will result in revenues and assets in the future. The School District's contractual rights arise because of license to occupy agreements with various operators, and an operating cost sharing agreement with the University of the Fraser Valley. The following table summarizes the contractual rights of the School District for future assets:

	2024	2025	2026	2027
Future license revenue	\$ 200,650	\$ 67,980	\$ 55,200	\$ 9,900
Operating use agreement (Heritage Park Middle)	157,140	160,276	80,928	
	<u>357,790</u>	<u>228,256</u>	<u>136,128</u>	<u>9,900</u>

18. Contingent liabilities

Each year the School District is involved with several legal actions and arbitrations. Although the outcomes of these matters are not determinable at this time, management believes they will not have a material adverse effect on the School District's financial position or results of operations.

School District No. 75 (Mission)

Notes to the Financial Statements

June 30, 2023

19. Budget figures

Budget figures included in the financial statements were approved by the Board through the adoption of an amended annual budget on February 21, 2023. The Board adopted a preliminary annual budget on June 21, 2022. The amended budget is used for comparison purposes as it is based on actual student enrolment. The following is a reconciliation of the two budgets:

Statement 2	2023 Amended	2023 Preliminary	Budget change
Revenue			
Provincial Grants

Total capital surplus	22,027,456	22,335,216
Total accumulated surplus	\$ 26,131,465	\$ 26,816,899

22. Economic dependence

The operations of the School District are dependent on continued funding from the MECC and various governmental agencies to carry out its programs. These financial statements have been prepared on a going concern basis.

School District No. 75 (Mission)

Notes to the Financial Statements

June 30, 2023

23. Prior period adjustment – Change in accounting policy

On July 1, 2022, the School District adopted Canadian public sector accounting standard PS 3280 Asset Retirement Obligations. This new standard addresses the recognition, measurement, presentation, and disclosure of legal obligations associated with the retirement of certain tangible capital assets such as asbestos removal in buildings that will undergo major renovation or demolition in the future (see note 9). This standard was adopted using the modified retroactive approach, which results in the restatement of the comparative information as at, and for the year ended, June 30, 2022.

The impact of the prior period adjustment on the June 30, 2022 comparative amounts is as follows:

	As Previously Stated	June 30, 2022 Increase (Decrease)	As Restated
Asset retirement obligation (Statement 1)	\$ -	\$ 4,738,468	\$ 4,738,468
Tangible capital assets – Cost (Schedule 4A)	161,861,121	4,738,468	166,599,589
Tangible capital assets – Accumulated amortization (Schedule 4A)	88,814,824	4,708,785	93,523,609
Amortization expense – Operations and maintenance (Schedule 4)	4,098,528	9,226	4,107,754
Capital surplus, beginning of year (Schedule 4)	26,986,643	(4,699,559)	22,287,084
Capital surplus, end of year (Schedule 4)	27,044,001	(4,708,785)	22,335,216

24. Risk management

The School District has exposure to the following risks from its use of financial instruments: credit risk, market risk and liquidity risk.

The Board ensures that the School District has identified its risks and ensures that management monitors and controls them.

a) Credit risk:

Credit risk is the risk of financial loss to an institution if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Such risks arise principally from certain financial assets held consisting of cash, amounts receivable and investments.

The School District is exposed to credit risk in the event of non-performance by a debtor. This risk is mitigated as most receivables are due from the Province and are collectible.

It is management's opinion that the School District is not exposed to significant credit risk associated with its cash deposits as they are placed in the Central Deposit Program with the Province and in recognized British Columbia institutions.

School District No. 75 (Mission)

Notes to the Financial Statements

June 30, 2023

24. Risk management (continued)

b) Market risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk is comprised of currency risk and interest rate risk.

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the foreign exchange rates. It is management's opinion that the School District is not exposed to significant currency risk, as amounts held, and purchases made in foreign currency, are insignificant.

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the market interest rates. The School District would be exposed to interest rate risk through investments and debt instruments that bear variable interest. It is management's opinion that the School District is not exposed to significant interest rate risk as their current holdings are limited to cash deposits in the Central Deposit Program with the Province and in recognized British Columbia institutions, and debt represents approximately 1% of total liabilities.

c) Liquidity risk:

Liquidity risk is the risk that the School District will not be able to meet its financial obligations as they become due.

The School District manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing activities to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the School District's reputation.

Risk Management and insurance services for all School Districts in British Columbia are provided by the Risk Management Branch of the Ministry of Finance. There have been no changes to risk exposure from 2022 related to credit, market, or liquidity risks.
