School District Statement of Financial Information (SOFI)

School District No. 75 (Mission)

Fiscal Year Ended June 30, 2013

TABLE OF CONTENTS

Documents are arranged in the following order:

- 1. Approval of Statement of Financial Information
- 2. Financial Information Act Submission Checklist
- 3. Management Report
- 4. Audited Financial Statements
- 5. Schedule of Debt
- 6. Schedule of Guarantee and Indemnity Agreements
- 7. Schedule of Remuneration and Expenses including:
 - Statement of Severance Agreements
 - Reconciliation or explanation of differences to Audited Financial Statements
- 8. Schedule of Payments for the Provision of Goods and Services including:
 - Reconciliation or explanation of differences to Audited Financial Statements

Revised: August 2002

Statement of Financial Information for Year Ended June 30, 2013

Financial Information Act-Submission Checklist

		Due Date
a)	A statement of assets and liabilities (audited financial statements).	September 30
b)	An operational statement including, i) a Statement of Income and ii) a Statement of Changes in Financial Position, or, if omitted, an explanation in the Notes to Financial Statements (audited financial statements)	September 30
c)	A schedule of debts (audited financial statements).	September 30
d)	A schedule of guarantee and indemnity agreements including the names of the entities involved and the amount of money involved. (Note: Nil schedules can be submitted December 31).	September 30
e)	A schedule of remuneration and expenses, including:	December 31
	i) an alphabetical list of employees earning over \$75,000, the total amount of expenses paid to or on behalf of each employee for the year reported and a consolidated total for employees earning under \$75,000. If the total wages and expenses differs from the audited financial statements, an explanation is required.	
	ii) a list by name and position of Board Members with the amount of any salary and expenses paid to or on behalf of the member	
	iii) the number of severance agreements started during the fiscal year and the range of months' pay covered by the agreement, in respect of excluded employees. If there are no agreements to report, an explanation is required	
f)	An alphabetical list of suppliers receiving over \$25,000 and a consolidated total for those suppliers receiving less than \$25,000. If the total differs from the Audited Financial Statements, an explanation is required.	December 31
g)	Approval of Statement of Financial Information.	December 31
h)	A management report approved by the Chief Financial Officer	December 31

School District No. 75 (Mission)

Fiscal Year Ended June 30, 2013

MANAGEMENT REPORT

The Financial Statements contained in this Statement of Financial Information under the *Financial Information Act* have been prepared by management in accordance with Canadian generally accepted accounting principles and the integrity and objectivity of these statements are management's responsibility.

Management is also responsible for all other schedules of financial information and for ensuring this information is consistent, where appropriate, with the information contained in the financial statements and for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

The Board of Education is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and for approving the financial information included in the Statement of Financial Information.

The external auditors, KPMG LLP, conduct an independent examination, in accordance with generally accepted auditing standards, and express their opinion on the financial statements as required by the *School Act*. Their examination does not relate to the other schedules of financial information required by the *Financial Information Act*. Their examination includes a review and evaluation of the board's system of internal control and appropriate tests and procedures to provide reasonable assurance that the financial statements are presented fairly.

MANAGEMENT REPORT

Management's Responsibility for the Financial Statements.

The accompanying financial statements of School District No. 75 (Mission) have been prepared by management in accordance with Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board. The integrity and objectivity of these statements are management's responsibility. Management is also responsible for all of the notes to the financial statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements.

The preparation of financial statements necessarily involves the use of estimates based on management's judgment particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and reliable financial information is produced.

The Board of Education of School District No. 75 (Mission) (called the "Board") is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and exercises these responsibilities through the Board. The Board reviews internal financial statements on a monthly basis and external audited financial statements yearly.

INDEPENDENT AUDITORS' REPORT

To the Board of Education and To the Minister of Education, Province of British Columbia

We have audited the accompanying financial statements of School District No. 75 (Mission), which comprise the statements of financial position as at June 30, 2013, June 30, 2012 and July 1, 2011, the statement of remeasurement gains and losses for the year ended June 30, 2013, the statements of operations, changes in net debt and cash flows for the years ended June 30, 2013 and June 30, 2012, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements in accordance with the financial reporting provisions of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audits is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements of School District No. 75 (Mission) as at June 30, 2013, June 30, 2012 and July 1, 2011 and for the years ended June 30, 2013 and June 30, 2012 are prepared, in all material respects, in accordance with the financial reporting provisions of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia.

Emphasis of Matter

Without modifying our opinion, we draw attention to Note 3 to the financial statement which describes the basis of accounting and the significant differences between such basis of accounting and Canadian public sector accounting standards.

NOTE 1 AUTHORITY AND PURPOSE

The School District, established on April 12, 1946 operates under authority of the School Act of British Columbia as a corporation under the name of "The Board of Education of School District No. 75 (Mission)", and operates as "School District No. 75 (Mission)." A board of education ("Board") elected for a three-year term governs the School District. The School District provides educational programs to students enrolled in schools in the district, and is principally funded by the Province of British Columbia through the Ministry of Education. School District No. 75 (Mission) is exempt from federal and provincial corporate income taxes.

NOTE 2 ADOPTION OF NEW ACCOUNTING FRAMEWORK

Commencing with the 2012/13 fiscal year, the School District has adopted accounting standards in accordance with Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board as described in Note 3 (a). Previously, the School District's financial statements were prepared in accordance with Part V of Canadian generally accepted accounting principles ("Part V Canadian GAAP").

Except for certain transitional elections disclosed below and the adoption of PS3450, Financial Instruments, effective July 1, 2012, the School District has consistently applied the same accounting policies in its statement of financial position as at July 1, 2011, the date of transition to the framework, and throughout as if these policies had always been in effect.

These financial statements are the first financial statements for which the School District has applied these standards.

The School District has elected to use the following exemptions available as of July 1, 2011, the date of transition to the new accounting framework:

- Retirement and post-employment benefits:
 - a. The School District has elected to delay the application of Sections PS 3250, Retirement benefits, and 3255, Post-employment benefits, compensated absences and termination benefits, relative to the discount rate used until June 30, 2013 (to coincide with the March 31, 2013 valuation);
 - b. The School District has elected to recognize all cumulative actuarial gains and losses at July 1, 2011 directly in accumulated surplus (deficit); and
- Tangible capital asset impairment:
 - a. The School District has elected to apply the impairment provisions of Section PS 3150, Tangible capital assets, on a prospective basis from the date of transition.

NOTE 2 ADOPTION OF NEW ACCOUNTING FRAMEWORK (Continued)

Key adjustments on the School District's financial statements resulting from the adoption of these accounting standards are as follows:

- Previously, the School District was not required to record an accrued benefit obligation related to sick leave benefits as the benefits do not vest. PSA standards require that a liability and an expense be recognized for post-employment benefits and compensated absences that vest or accumulate in the period in which employees render services to the School District in return for the benefits. An adjustment was made to recognize a liability and an expense related to accumulated sick leave entitlements. The adjustment to the liability for employee future benefits at July 1, 2011 was (\$227,125). A decrease of expense of \$34,927 was also recognized in the 2012 fiscal year related to the accrual for accumulated sick leave entitlements, determined by an actuarial valuation.
- The School District recognized all previous cumulative actuarial gains and losses relating to employee future benefits of \$318,445 at July 1, 2011 resulting in a decrease to the Employee Future Benefits liability and an increase in accumulated surplus. An additional expense of \$54,826 was recognized in the 2012 fiscal year as a result of removing the amortization of those cumulative actuarial gains and losses.
- The net impact on the liability for employee future benefits at July 1, 2011 and June 30, 2012 of the adjustments detailed above is:

Previously stated	Adjustment	Restated
July 1, 2011	July 1, 2011	July 1, 2011
\$ 892,061	\$ (91,320)	\$ 800,741
Previously stated	Adjustment	Restated
June 30,	June 30,	June 30,
2012	2012	2012
\$ 867,320	\$ (71,421)	\$ 795,899
	stated July 1, 2011 \$ 892,061 Previously stated June 30, 2012	stated July 1, 2011 July 1, 2011 \$ 892,061 \$ (91,320) Previously stated June 30, June 30, 2012 2012

NOTE 2 ADOPTION OF NEW ACCOUNTING FRAMEWORK (Continued)

The impact of the conversion to new accounting standards on the accumulated surplus at July 1, 2011 and the comparative annual deficit is presented below. These accounting changes have been applied retrospectively with restatement of prior periods.

Accumulated surplus Part V Canadian GAAP, July 1, 2011 Adjustments to accumulated surplus	\$	24,942,459

June 30, 2012		(223,314)
Accumulated surplus new accounting framework, June 30, 2012	\$	24,810,465

NOTE 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the School District are prepared by management in accordance with the basis of accounting described below. Significant accounting policies of the School District are as follows:

a) Basis of Accounting

The financial statements have been prepared in accordance with Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board. The Budget Transparency and Accountability Act requires that the financial statements be prepared in accordance with the set of standards and guidelines that comprise generally accepted accounting principles for senior governments in Canada, or if the Treasury Board makes a regulation, the set of standards and guidelines that comprise generally accepted accounting principles for senior governments in Canada as modified by the alternate standard or guideline or part thereof adopted in the regulation.

Regulation 257/2010 requires all tax-payer supported organizations in the Schools, Universities, Colleges and Hospitals sectors to adopt Canadian public sector accounting standards without any PS4200 elections effective their first fiscal year commencing after January 1, 2012.

NOTE 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

a) Basis of Accounting (Continued)

Regulation 198/2011 requires that restricted contributions received or receivable for acquiring or developing a depreciable tangible capital asset or contributions in the form of a depreciable tangible capital asset are to be deferred and recognized in revenue at the same rate that amortization of the related tangible capital asset is recorded.

For British Columbia tax-payer supported organizations, these contributions include government transfers and externally restricted contributions.

The accounting policy requirements under Regulation 198/2011 are significantly different from the requirements of Canadian public sector accounting standards which requires that

- government transfers, which do not contain a stipulation that creates a liability, be recognized as revenue by the recipient when approved by the transferor and the eligibility criteria have been met in accordance with public sector accounting standard PS3410; and
- externally restricted contributions be recognized as revenue in the period in which the
 resources are used for the purpose or purposes specified in accordance with public sector
 accounting standard PS3100.

As a result, revenue recognized in the statement of operations and certain related deferred capital revenue would be recorded differently under Canadian Public Sector Accounting Standards.

b) Cash and Cash Equivalents

Cash and cash equivalents include cash on deposit with Envision Financial and Scotiabank that are readily convertible to known amounts of cash and that are subject to an insignificant risk of change in value.

c) Accounts Receivable

Accounts receivable are measured at amortized cost and shown net of allowance for doubtful accounts.

d) Unearned Revenue

Unearned revenue includes tuition fees received for courses to be delivered in future periods and receipt of proceeds for services or products to be delivered in a future period. Revenue will be recognized in that future period when the courses, services, or products are provided.

NOTE 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

e) Deferred Revenue and Deferred Capital Revenue

Deferred revenue includes contributions received with stipulations that meet the description of restricted contributions in the Restricted Contributions Regulation 198/2011 issued by Treasury Board. When restrictions are met, deferred revenue is recognized as revenue in the fiscal year in a manner consistent with the circumstances and evidence used to support the initial recognition of the contributions received as a liability as detailed in Note 3 (l).

Funding received for the acquisition of depreciable tangible capital assets is recorded as deferred capital revenue and amortized over the life of the asset acquired as revenue in the statement of operations.

f) Employee Future Benefits

The School District provides certain post-employment benefits including vested and non-vested benefits for certain employees pursuant to certain contracts and union agreements.

The School District accrues its obligations and related costs including both vested and non-vested benefits under employee future benefit plans. Benefits include vested sick leave, accumulating non-vested sick leave, early retirement, retirement/severance, vacation, overtime and death benefits. The benefits cost is actuarially determined using the projected unit credit method pro-rated on service and using management's best estimate of expected salary escalation, termination rates, retirement rates and mortality. The discount rate used to measure obligations is based on the cost of borrowing except as per the election described in note 2.

The cumulative unrecognized actuarial gains and losses are amortized over the expected average remaining service lifetime (EARSL) of active employees covered under the plan.

The most recent valuation of the obligation was performed at March 31, 2013 and projected to June 30, 2016. The next valuation will be performed at March 31, 2016 for use at June 30, 2016. For the purposes of determining the financial position of the plans and the employee future benefit costs, a measurement date of March 31 was adopted for all periods subsequent to July 1, 2004.

The School district and its employees make contributions to the Teachers' Pension Plan and Municipal Pension Plan. The plans are multi-employer plans where assets and obligations are not separated. The costs are expensed as incurred.

NOTE 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

g) Asset Retirement Obligations

Liabilities are recognized for statutory, contractual or legal obligations associated with the retirement of tangible capital assets when those obligations result from the acquisition, construction, development or normal operation of the assets. The obligations are measured initially at fair value, determined using present value methodology, and the resulting costs capitalized into the carrying amount of the related tangible capital asset. In subsequent periods, the liability is adjusted for accretion and any changes in the amount or timing of the underlying future cash flows. The capitalized asset retirement cost is amortized on the same basis as the related asset and accretion expense is included in the Statement of Operations.

h) Tangible Capital Assets

The following criteria apply:

- Tangible capital assets acquired or constructed are recorded at cost which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost also includes overhead directly attributable to construction as well as interest costs that are directly attributable to the acquisition or construction of the asset.
- Donated tangible capital assets are recorded at their fair market value on the date of
 donation, except in circumstances where fair value cannot be reasonably determined,
 which are then recognized at nominal value. Transfers of capital assets from related
 parties are recorded at carrying value.
- Tangible capital assets are written down to residual value when conditions indicate they no longer contribute to the ability of the School District to provide services or when the value of future economic benefits associated with the sites and buildings are less than their net book value. The write-downs are accounted for as expenses in the Statement of Operations.
- Buildings that are demolished or destroyed are written-off.
- Works of art, historic assets and other intangible assets are not recorded as assets in these financial statements.
- The cost, less residual value, of tangible capital assets (excluding sites), is amortized on a straight-line basis over the estimated useful life of the asset. It is management's responsibility to determine the appropriate useful lives for tangible capital assets. These useful lives are reviewed on a regular basis or if significant events initiate the need to revise. Estimated useful life is as follows:

Buildings	40 years
Furniture & Equipment	10 years
Vehicles	10 years
Computer Software	5 years
Computer Hardware	5 years

NOTE 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

i) Capital Leases

Leases that, from the point of view of the lessee, transfer substantially all the benefits and risks incident to ownership of the property to the School District are considered capital leases. These are accounted for as an asset and an obligation. Capital lease obligations are recorded at the present value of the minimum lease payments excluding executor costs, e.g., insurance, maintenance costs, etc. The discount rate used to determine the present value of the lease payments is the lower of the School District's rate for incremental borrowing or the interest rate implicit in the lease.

All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

j) Prepaid Expenses

Various instructional supplies, subscriptions, technology contracts, employee benefit payments and contracted services are included as a prepaid expense and stated at acquisition cost and are charged to expense over the period expected to benefit from it.

k) Funds and Reserves

Certain amounts, as approved by the Board are set aside in accumulated surplus for future operating and capital purposes. Transfers to and from funds and reserves are an adjustment to the respective fund when approved.

NOTE 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

1) Revenue Recognition

Revenues are recognized in the period in which the transactions or events occurred that gave rise to the revenues. All revenues are recorded on an accrual basis, except when the accruals cannot be determined with a reasonable degree of certainty or when their estimation is impracticable.

Contributions received or where eligibility criteria have been met are recognized as revenue except where the contribution meets the criteria for deferral as described below. Eligibility criteria are the criteria that the School District has to meet in order to receive the contributions including authorization by the transferring government.

For contributions subject to a legislative or contractual stipulation or restriction as to their use, revenue is recognized as follows:

- Non-capital contributions for specific purposes are recorded as deferred revenue and recognized as revenue in the year related expenses are incurred,
- Contributions restricted for site acquisitions are recorded as revenue when the sites are purchased, and
- Contributions restricted for tangible capital assets acquisitions other than sites are recorded as deferred capital revenue and amortized over the useful life of the related assets.

Donated tangible capital assets other than sites are recorded at fair market value and amortized over the useful life of the assets. Donated sites are recorded as revenue at fair market value when received or receivable

Revenue related to fees or services received in advance of the fee being earned or the service is performed is deferred and recognized when the fee is earned or service performed.

Investment income is reported in the period earned. When required by the funding party or related Act, investment income earned on deferred revenue is added to the deferred revenue balance.

NOTE 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

m) Expenses

Expenses are reported on an accrual basis. The cost of all goods consumed and services received during the year is expensed. Interest expense includes interest paid on capital leases.

Allocation of Costs

- Operating expenses are reported by function, program, and object. Whenever possible, expenditures are determined by actual identification. Additional costs pertaining to specific instructional programs, such as special and aboriginal education, are allocated to these programs. All other costs are allocated to related programs.
- Actual salaries of personnel assigned to two or more functions or programs are allocated based on the time spent in each function and program. School-based clerical salaries are allocated to school administration and partially to other programs to which they may be assigned. Principals and Vice-Principals salaries are allocated to school administration and may be partially allocated to other programs to recognize their other responsibilities.
- Employee benefits and allowances are allocated to the same programs, and in the same proportions, as the individual's salary.
- Supplies and services are allocated based on actual program identification.

n) Financial Instruments

A contract establishing a financial instrument creates, at its inception, rights and obligations to receive or deliver economic benefits. The financial assets and financial liabilities portray these rights and obligations in the financial statements. The School District recognizes a financial instrument when it becomes a party to a financial instrument contract.

Financial instruments consist of cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities, debt and other liabilities.

All financial assets and liabilities are recorded at cost or amortized cost and the associated transaction costs are added to the carrying value of these investments upon initial recognition and amortization using effective interest method. Transaction costs are incremental costs directly attributable to the acquisition or issue of a financial asset or a financial liability.

Unrealized gains and losses from changes in the fair value of financial instruments are recognized in the statement of remeasurement gains and losses. Upon settlement, the cumulative gain or loss is reclassified from the statement of remeasurement gains and losses and recognized in the statement of operations. Interest and dividends attributable to financial instruments are reported in the statement of operations.

All financial assets except derivatives are tested annually for impairment. When financial assets are impaired, impairment losses are recorded in the statement of operations.

For financial instruments measured using amortized cost, the effective interest rate method is used to determine interest revenue or expense.

NOTE 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

o) Measurement Uncertainty

Preparation of financial statements in accordance with the basis of accounting described in note 3 a) requires management to make estimates and assumptions that impact reported amounts of assets and liabilities at the date of the financial statements and revenues and expenses during the reporting periods. Significant areas requiring the use of management estimates relate to the potential impairment of assets, liabilities for contaminated sites, rates for amortization and estimated employee future benefits. Actual results could differ from those estimates.

p) Adoption of New Accounting Policy

On July 1, 2012, the School District adopted PS3450, *Financial Instruments*. Recognition, derecognition and measurement policies followed in the financial statements for periods prior to July 1, 2012 are not reversed and, therefore, the financial statements of prior periods, including comparative information, have not been restated.

As at June 30, 2013 and for the year then ended, financial instruments are accounted for prospectively in accordance with public sector accounting standards as described in note 3 (n).

As at July 1, 2011, June 30, 2012 and for the year ended June 30, 2012, financial instruments were accounted for in accordance with Part V of the CICA Handbook. There were no changes in the recognition and measurement of financial instruments upon conversion to public sector accounting standards.

#### NOTE 9 EMPLOYEE FUTURE BENEFITS

Benefits include vested sick leave, accumulating non-vested sick leave, early retirement, retirement/severance, vacation, overtime and death benefits. Funding is provided when the benefits are paid and accordingly, there are no plan assets. Although no plan assets are uniquely identified, the School District has provided for the payment of these benefits.

#### NOTE 10 DEBT

The following loans approved under Section 144 of the School Act are outstanding:

	June 30,			June 30,	July 1,	
	2013			2012	2011	
Approved September, 2003; rate 4.99% ten years Approved August, 2005; rate 4.78%; ten years	\$ 	276,929 236,546 513,475	\$	486,394 328,095 814,489	\$	685,686 415,726 1.101.412

Anticipated annual principal repayments over the next three years are as follows:

2014	\$ 316,561
2015	157,888
2016	39,026
	\$ 513,475

#### NOTE 11 CAPITAL LEASE OBLIGATIONS

The School District has capital leases for vehicles, equipment, computer hardware and software. The leases expire over several years with the last one being in 2017. The average interest rate is approximately 3.67%.

Repayments are due as follows:

	June 30, 2013			
2014	\$	237,330		
2015		212,837		
2016		148,422		
2017		56,151		
Total minimum lease payments		654,740		
Less amounts representing interest		(30,037)		
Present value of net minimum capital				
lease payments	\$	624,703		

Total interest on leases for the year was \$21,152 (2012: \$36,800).

#### NOTE 13 EMPLOYEE PENSION PLANS

The School District and its employees contribute to the Teachers' Pension Plan and Municipal Pension Plan, jointly trusteed pension Plans. The board of trustees for these plans represents plan members and employers and is responsible for the management of the pension plan including investment of the assets and administration of benefits. The pension plans are multi-employer contributory pension plans. Basic pension benefits provided are based on a formula. The Teachers' Pension Plan has about 46,000 active members from school districts, and approximately 31,000 retired members from school districts. The Municipal Pension Plan has about 178,000 active members, of which approximately 23,000 are from school districts.

Every three years, an actuarial valuation is performed to assess the financial position of the plans and the adequacy of plan funding. The most recent actuarial valuation of the Teachers' Pension Plan as at December 31, 2011 indicated an \$855 million funding deficit for basic pension benefits. The next valuation will be as at December 31, 2014 with results available in 2015. The most recent actuarial valuation for the Municipal Pension Plan as at December 31, 2009 indicated a \$1,024 million funding deficit for basic pension benefits. The next valuation will be as at December 31, 2012 with results available in 2013. Defined contribution plan accounting is applied to the plan as the plan exposes the participating entities to actuarial risks associated with the current and former employees of other entities, with the result that there is no consistent and reliable basis for allocating the obligation, plan assets and cost to individual entities participating in the plan.

The Mission School district paid \$4,729,734 (2012: \$4,830,804) for employer contributions to these plans in the year ended June 30, 2013.

#### NOTE 14 INTERFUND TRANSFERS

Interfund transfers between the operating, special purpose and capital funds for the year ended June 30, 2013, were as follows:

•	Assets purchased by Operating for Capital	\$257,947
•	Assets purchased by Special Purpose fund for Capital	\$ 35,857
•	Payment of Local Capital Deficit by Operating	\$505,278
•	Capital Lease payment by Operating	\$403,635
•	Capital Loan payment by Operating	\$334,583

#### NOTE 15 RELATED PARTY TRANSACTIONS

The School District is related through common ownership to all Province of British Columbia ministries, agencies, school districts, health authorities, colleges, universities, and crown corporations. Transactions with these entities, unless disclosed separately, are considered to be in the normal course of operations and are recorded at the exchange amount.

#### NOTE 16 CONTRACTUAL OBLIGATIONS

The School District has entered into a multiple-year contract for the delivery of services and the construction of tangible capital assets. These contractual obligations will become liabilities in the future when the terms of the contracts are met. Disclosure relates to the unperformed portion of the contracts.

Golden Globe Construction Ltd in the amount of \$685,565 to be completed in 2014.

#### NOTE 17 BUDGET FIGURES

Budget figures included in the financial statements were approved by the Board through the adoption of an annual budget on June 26, 2012.

#### NOTE 18 CONTINGENCIES

The School District has been served a writ of summons in a class action lawsuit involving twenty five other school districts throughout the province seeking recovery of tuition fees paid for summer school courses in prior fiscal periods. Neither the outcome of this action nor any potential financial consequences are known at this time.

#### NOTE 19 ASSET RETIREMENT OBLIGATION

Legal liabilities may exist for the removal or disposal of asbestos in schools that will undergo major renovations or demolitions. The fair value of the liability for asbestos removal or disposal will be recognized in the period in which it is incurred if a reasonable estimate of fair value can be made. As of June 30, 2013, the liability is not reasonably determinable.

NOTE 20	EXPENSE BY OBJECT

NOTE 21	INTERNALLY RESTRICTED SURP	LUS (DEFICIT	T) – OPERAT	ING FUND

	June 30, 2013	June 30, 2012
Invested in tangible capital assets  Local capital deficit	• •	\$ 26,828,432
Operating deficit	(22,713) (122,176)	(634,139) (1,383,828)
	\$ 26,540,915	\$24,810,465

The operating deficit is further restricted as follows:

Internally Restricted (appropriated) by Board for:		
School and Department surpluses	\$ 96,893	
Aboriginal Target shortfall	286,124	
Subtotal Internally Restricted	383,017	
Unrestricted Operating Surplus (Deficit)	 (505,193)	\$ (1,383,828)
Total Available for Future Operations	\$ (122,176)	\$ (1,383,828)

#### NOTE 22 ECONOMIC DEPENDENCE

The operations of the School District are dependent on continued funding from the Ministry of Education and various governmental agencies to carry out its programs. These financial statements have been prepared on a going concern basis.

#### NOTE 23 RISK MANAGEMENT

The School District has exposure to the following risks from its use of financial instruments: credit risk, market risk and liquidity risk.

The Board ensures that the School District has identified its risks and ensures that management monitors and controls them.

#### a) Credit risk:

Credit risk is the risk of financial loss to an institution if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Such risks arise principally from certain financial assets held consisting of cash, amounts receivable and investments.

The School District is exposed to credit risk in the event of non-performance by a borrower. This risk is mitigated as most amounts receivable are due from the Province and are collectible.

It is management's opinion that the School District is not exposed to significant credit risk associated with its cash deposits and investments as they are placed in recognized British Columbia institutions and the School District invests solely in term deposits at this time.

#### b) Market risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk is comprised of currency risk and interest rate risk.

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the foreign exchange rates. It is management's opinion that the School District is not exposed to significant currency risk, as amounts held and purchases made in foreign currency are insignificant.

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the market interest rates. The School District would be exposed to interest rate risk through investments. It is management's opinion that the School District is not exposed to significant interest rate risk as they have not invested due to the deficit that has been incurred by the School District.

#### c) Liquidity risk

Liquidity risk is the risk that the School District will not be able to meet its financial obligations as they become due.

The School District manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing activities to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the School District's reputation.

Risk Management and insurance services for all School Districts in British Columbia are provided by the Risk Management Branch of the Ministry of Finance.

School District No. 75 (Mission)

Fiscal Year Ended June 30, 2013

### **SCHEDULE OF DEBT**

Revised: August 2002

Information on all long term debt is included in the School District Audited Financial Statements.

Prepared as required by Financial Information Regulation, Schedule 1, section 4

### School District No. 75 (Mission) Fiscal Year Ended June 30, 2013

### SCHEDULE OF GUARANTEE AND INDEMNITY AGREEMENTS

Revised: August 2002

Prepared as required by Financial Information Regulation, Schedule 1, section 5

School District No. 75 (Mission)

Fiscal Year Ended June 30, 2013

### **STATEMENT OF SEVERANCE AGREEMENTS**

There were 2 severance agreements made between School District No.75 (Mission) and its non-unionized employees during fiscal year 2012/2013.

These agreements represent from 11 to 18 months' compensation.*

* "Compensation" means the combination of salary and benefits.

Prepared as required by Financial Information Regulation, Schedule 1, subsection 6(7)

Revised: August 2002

School District No. 75 (Mission)

Fiscal Year Ended June 30, 2013

Reconciliation of the "Schedule of Remuneration & Expenses" and the "Schedule of Payment for Goods & Services" to the Financial Statements

The "Schedule of Remuneration & Expenses" and the "Schedule of payments for Goods & Services" differs from the related figures in the financial statements. The most common reconciling items can be summarized as:

- Adjustments to account for the difference between payments made on a cash basis, and the financial statements reporting expenditures on an accrual basis. This would include adjustments for opening and closing balances of inventories, prepaid expenses, accounts payable and accrued liabilities.
- The list of payments to suppliers includes 100% of GST/HST while expenditures in the financial statements are net of any applicable GST/HST rebate.
- The "Schedule of Payments for Goods & Services" includes expenditures that are
  wholly or partially recovered or reimbursed from other parties or organizations.
  Such disbursements are an accounts' receivable for the district and would be
  netted out, thereby reducing the district's operating expenditures in the financial
  statements.
- The financial statements include accrued severance expenses that are not included in the "Schedule of Remuneration & Expenses".
- The payment schedules include benefit remittances that include the employee's share of the cost. In addition, the employer cost for these payments are included in the benefits section of the financial statements.
