Boundary Catchment Review SD 75 (Mission)

If your child (or children) attend a school other than your catchment school, why?

Respondents	Other (please specify)
1	don't have a child
•	3 of my kids started at Silverdale so we don't want to take them out plus we love the teachers and
2	programs and it is good distance between mom and dads homes.
	Attended Silverdale prior to Stave falls opening. Our other child attends a school in Abby because this
3	district lacks support for gifted kids.
4	It is the closest school with the safest walk
	Change of address and my child has already been here for 3 years I cannot afford for him to do the
5	stages again and be uprooted again
6	Hope to send my 18 month old to ESR when the time comes
7	Looking for a better fit
8	I have a teenager in MSS and a toddler who will be attending West Heights
-	He Grew up with Kids attending Hatzic Middle, Hatzic Middle is a a better school and it was originally
9	our catchment untill we had to move
	All children have attended Silverdale since 2005 it has become our community school; also it has
10	become a program of choice due to it's community, social and individual awareness focus.
11	My child is in middle school
12	It was best
13	Attend Hatzic elementary
14	Used to live in a different catchement, moved and didn't want to change schools
	Moved and didnt want to move school for my child. Now I would like to apply for a cross boundary for
15	Albertsons McMahon
. 3	We lived close to her school when she first started school, we recently moved but after being in that
16	school for 3 consecutive years now, I don't want to switch her, she loves her friends and her school
17	Esr students were sent to Hatzic
18	International student
19	Shared custody, school between both homes
. 0	They started in this school so would prefer to keep them there. Very upsetting to continually move
20	children from school to school.
21	Catchment school is over subscribed.
22	Preferred school
23	no children currently enrolled in district
24	Child is not yet in school
25	Could not get in to hillside because it is a choice school
26	Originally was a foster child (now adopted). Reason was for safety from biological parent.
27	Not registered yet
28	Moved and wished to keep them with their peers
29	I feel dewdney is a better school.
29	We wanted the Arts Based curriculum but also 2. We live right near ESR and not near Windebank
30	at all
	We lived in AME catchment for years and moved just before kindergarten started. We are familiar
31	with the neighborhood and have lots of friends in AME catchment and wanted to stay there.
32	Better teaching
33	Not in school till next year
34	Has been attending since K and we chose to keep him there.
35	not yet in kindergarten
	· · · · · · · · · · · · · · · · · · ·
36	Not in school yet.
37	staff

Boundary Catchment Review SD 75 (Mission) If your child (or children) attend a school other than your catchment school, why?

38	Not yet in school
	My daughter is 4 but will be going to Whonnack elementary becasue Stave falls does not offer grade
	7. She will attend Garibaldi becasue mission high schools are much too far away. I would love for her
39	to attend Stave falls but I do not want to have to transfer her to a maple ridge school in grade seven
	Child has developmental delays and requirements. Started in strong start when we lived in the
40	catchment and the familiarity is important to his daily success.
	My work does not do out of school care for our catchment school, and I would like him to continue
41	going to the same daycare (my work)
42	Siblings attended. Prefer their school philosophy.
43	attended Morrison since grade 1 so applied for cross boundary to continue after gr 3
44	I prefer the admin team at Hatzic Middle
45	Proximity of school to our home.
46	Homeschooling one child another in the district
47	My oldest Was a student at ECME, then they enforced boundaries WITHOUT a sibling rule which
	was insensitive and punitive.
	We feel disappointed that we registered at Hatzic Elementary School but upon registration were told
	the school is full. This is supposed to be our catchment school but no one informed us, including on
48	the website that this would be on a first come first serve basis.
49	Not in school yet. Will go to choice school
50	Too young for school
	It's where she started school and built a support system with the staff and friends. So I did not want to
51	switch that when we moved to a new catchment
52	There was no room for my child at his catchment school
53	Moved after September when school had started already
54	My children are not yet school age
55	Closest school to our house
	Our catchment school has been over crowded for YEARS. Stave Falls Elementary is a good choice
	for us because: close to home, rural setting, not crowded, outdoor program offered, more country kids
	and less city kids. Bullying is a HUGE issue in the schools in the city; we hope to avoid this by
56	attending a rural school.
57	Dewdney Elementary is already full.
	Consistency the school is close enough that we did not see the use in uprooting to a different
58	school after we moved out of catchment. Same friends same teachers throughout the years builds
	stability and a sense of security for my child
	And I work at and because of my daughters disability, as well as the lack of before/ after
59	school care for children with special needs.
	Used to live by central, my kids are all special needs and transitions are hard for them so we thought
60	cross boundary would be the best option when we had to move
61	we moved and wanted to keep him in same school, consistency, and we like the school
62	Not applicable
63	Teacher - no children in this district
64	Cherry Hill school was a bad school for bullying and I put my oldest in there and now my youngest
65	Started at the school before there were french immersion boundaries
66	Currently in preschool but will be in kindergarten next year
67	Special needs
68	Wanted to be with friends as went to school before moving out of catchment
69	The children I babysit go there and it's easier to do 1 drop off and pickup

Boundary Catchment Review SD 75 (Mission) If your child (or children) attend a school other than your catchment school, why?

My daugnter has attended Cherry Hill since kindergarten. We moved last school year but cross boundried her this year to keep her with her friends for grade 6. 72 We used to cross boundary for Dewdney's outdoor education prior to moving into catchment. 73 Proximity to our house 74 Programming 75 Was closer to house at time and afyer we moved my daughter wanted to stay with her peers 76 Closet school that had room for all 3 of my kids at the time that we moved to Mission. 77 Was catchment school, since moved into different catchment 78 Proximity of the school to our home 79 Closer to our home. 80 We moved - kept them in same school instead of switching them. Kids were happy 81 Our catchment school was ESR until it turned into the Arts Choice program 82 They have established themselves before boundary changes 83 I do not have children 84 Ecole Des Deux Rives My son has autism and is settled and the school and we didn't want to move him when we moved houses 86 On wait list for catchment area school (Hatzic), told that admittance is not likely 87 It was the catchment school when we registered for kindergarten 88 Bullying is ridiculous in Mission schools. 89 Program of Choice (Core French) and Proximity of school to work All her support team was here and her friends	ii your or	My developed the attended Charmy Hill since his degree to Ma mayord lest select year but areas
72 We used to cross boundary for Dewdney's outdoor education prior to moving into catchment. 73 Proximity to our house 74 Programming 75 Was closer to house at time and afyer we moved my daughter wanted to stay with her peers 76 Closet school that had room for all 3 of my kids at the time that we moved to Mission. 77 Was catchment school, since moved into different catchment 78 Proximity of the school to our home 79 Closer to our home. 80 We moved - kept them in same school instead of switching them.
