

Section:	Students & Instruction
Title:	Graduation Ceremonies

Graduation Ceremonies

The Board of Education recognizes the individual academic, social, and athletic achievements of students who graduate from our secondary schools.

The Board supports community and school graduation functions, which celebrate individual student achievement.

Clear and consistent expectations regarding student participation in graduation ceremonies and functions will be developed by secondary schools and communicated to students and parents. Failure to meet expectations may result in the denial of student participation in graduation ceremonies or functions.

Date Adopted: **March 2000**

Date Amended: To be amended (formerly AP 4.8.1, #208)
