

Have you thought about becoming a homestay family for an International student in Mission School District?

We are looking for new Homestay families who have a passion for horses and/or horse riding, are you one of those new families?

Canada is known around the world as a strong and free country. Staying with a Canadian family is an enriching cultural experience and an important component of our program. One of the reasons for success in the program is that the English instruction received in our schools is reinforced by the English immersion environment in the home.

Every year we have international students coming to Mission to become part of a family like yours. Mission is well known for the personal attention and exceptional care we give our students. Students and host families have 24/7 emergency support available to them by our Homestay Coordinator. Students are carefully matched with families that share similar hobbies and interests which is essential to a successful placement. Students are met at the airport by their host families upon arrival and bid farewell through teary eyes upon departure.

We have students that are arriving to study in Mission from over 20 different countries. They choose Mission because of the outdoors and natural environment that we offer and how close we are to neighbouring cities. One of the draws to our program has always been the welcoming horse families for students that would like to ride while in Canada.

We are looking for homestay families that can share their passion for horses and horse riding with our incoming International students by being a host family.

If you would like more information about becoming a homestay family, contact us by email:
homestay@mpsd.ca or international@mpsd.ca

If you are interested in applying, please visit our sign up portal on our website:
