

Sale of Cade Barr property, 33447 Dewdney Trunk Road, Mission

For Immediate Release

May 6, 2022

The Mission Public School District is selling the former Cade Barr One Room Elementary school property, located at 33447 Dewdney Trunk Road, Mission BC.

The School District has owned the ¼ acre site since 1948. In 2016, the School District passed Bylaw 2016-1 to dispose of the property as the site is no longer required for educational purposes. In February 2020, the school district finally received approval from the Ministry of Education to dispose of the property.

The former one-room school was most recently used as a childcare facility, although it has not been used for more than five years. The dilapidated state of the building, and the significant costs needed to remediate the building due to asbestos contamination, makes saving of the building for historical preservation cost prohibitive. As such, the building will be removed in May and the sale of the property is expected to complete in June 2022.

The funds from the sale of the building will be held by the School District for future capital projects.
