ITEM 3.1 Discussion File No. 8010

TO: Committee of the Whole

FROM: C. Becker, Secretary Treasurer SUBJECT: Amended Budget 2019/ 2020

Recommendation

THAT the Amended budget be reviewed and discussed, including options to reduce the budget and avoid a projected deficit.

1. Summary:

The draft amended budget is showing a significant deficit (\$778,000). The deficit is created by a number of issues.

Additional detailed reports will be provided and reviewed during the meeting, including options for reducing the budget to contain the deficit.

In addition, as 80%+ of the budget is due to staffing, the attached summarizes and analyzes enrolment and enrolment changes based on the staffing report submitted to the Ministry each September. An additional summary will be provided during the meeting as well, with a more detailed analysis of the teaching positions.

2. Background:

The amended budget is prepared and must be approved by the end of February. The amended budget factors in changes to funding, confirmation of enrolment, and actual staffing levels. With reduced funding in a few areas, cost overages in other areas and no reserves available, the amended budget is projecting a significant potential deficit. As such, significant changes need to be made immediately to try and prevent an actual deficit.

The meeting is to continue the discussion with the board, and review what can be done immediately.

3. Options:

The ability to make radical changes in January is challenging as this could significantly impact students in the classroom. As such, staff are exploring options that will minimize the impact on classrooms. Staff are also exploring options for significant changes for the 2020/2021 budget to ensure a deficit is avoided for next year.

4. Analysis and Impact:

- a. Strategic Plan Alignment
- b. Enhancement Agreement
- c. Funding Guidelines, Costing, & Budget Impact

The School District is required to have a balanced budget. As such, the school district cannot budget an annual operating deficit beyond what is available in reserves. As the reserves have

Special Committee of the Whole Meeting Tuesday, January 28, 2020

been depleted, other than the local capital reserve, there is little room to cover the operating deficit. As such, the budget must be reduced.

The projected operating deficit is \$778,097 after drawing the funds in reserves.

2. ADOPTION OF AGENDA

Moved and Seconded that the Agenda be adopted as presented.

CARRIED

1. CALL TO ORDER

The meeting was called to order at 1:00 pm by the Chairperson. The Chair acknowledged the meeting was being held on Stó:lō Territory. There are four First Nation Bands within the boundaries of the Mission School District: Leq:a'mel, Sq'èwlets, Kwantlen, and Matsqui First Nations.

6. STAFF REPORTS

6.1 Amended Budget 2019/2020

MOVED and Seconded that the Amended budget be reviewed and discussed, including options to reduce the budget and avoid a projected deficit.

CARRIED

The Secretary Treasurer advised that the amended budget is showing a significant deficit (\$778,000). Staff are reviewing the budget to determine the reasons behind the deficit and exploring options that will minimize impacts on classrooms. Also, changes with the 2020 / 2021 budget need to be considered to ensure a deficit is avoided for next year.

It was requested that regular budget meetings be scheduled between now and approving the budget.

A question was asked about a hiring freeze. Clarification was provided that certain positions are mandated to be filled.

A conversation ensued regarding Board oversight and strengthening reserves in future years.

It was noted that the Board has revised their agenda report template which includes a line for budget impacts. This template allows the Board to review all impacts before approving an item.

It was noted that if Staff are being requested to watch spending, that the Board can consider cutting costs related to conferences and travel.

A high-level overview was provided on the Operating Expense Changes found on page seven (7) of the agenda. Items that require a deeper analysis are:

- 1. FTE Change Teachers
- 2. Trend analysis on the different labour accounts

A question was asked regarding the report for the seismic review of the secondary school. The contract has been awarded and some of the work has started. The Ministry will reimburse the School District; however, the SD may need to absorb the cost temporarily. There is a risk that these costs will increase the deficit position. The work can be deferred for one year or the SD can request that the Ministry advance the expenses. The Board needs to decide how they would like to proceed.

A question was asked about what the School District needs to consider in order to move forward with items that need to be replaced (ie. White Fleet). The Secretary Treasurer explained that the first step is to address the deficit position followed by reviewing why this happened. The final step is to plan for the future. The School District needs to have more deliberative conversations on budget spending and controls.

10.	ADJOURNMENT	
	MOVED and Seconded that the Board adjourn the meeting.	
	CARRIED	
	The meeting adjourned at 2:50 pm.
