<b>Section:</b>	<b>District Administration</b>	
<b>Title:</b>	<b>Safe, Caring, and Respectful Schools Policy</b>	<b>3.0</b>

**Purpose**

To outline the vision and expectations for safe, caring, and respectful school environments for students, staff, families, and others interacting with schools.

**Policy**

Mission Public Schools will work to provide safe, equitable, caring, inclusive, and respectful learning environments where students experience a sense of belonging. The Board, management, employees, students, and parents have a shared responsibility in maintaining safe, personally secure, and respectful schools that are free from discrimination, bullying, harassment, violence, or vandalism.

The District recognizes and values the diversity of people within our school communities and values the contributions each person makes to the overall culture of our district. We expect all individuals to demonstrate respect for others’ rights, beliefs, ideas, and property.

Mission Public Schools:

- Recognizes that each member of the school and community has a shared responsibility for modeling appropriate behaviour and supporting all students in addressing and facing challenges and/or barriers;
- Recognizes students benefit when schools and families collaborate to support student learning and well-being;
- Understands a positive school climate and culture are essential to safe, caring, and respectful schools;
- Understands preventative, responsive, and repairing measures are necessary in maintaining safe, caring, and respectful learning environments.

**1. Conduct Expectations:**

Every member of the district is responsible for demonstrating respectful behaviour consistent with human rights and anti-discrimination legislation and policy. In particular, we do not condone or accept bullying or harassing conduct, intimidation, threatening or violent behaviours, nor acts of discrimination due to a persons’ race, colour, ancestry, place of origin, religion, political affiliation, marital status, family status, physical or mental disability, sex, sexual orientation, gender identity or expression, or age, in accordance with the B.C. *Human Rights Code*.

Mission Public Schools expects all individuals:

- 1.1. to show respect for self, others, and property;
- 1.2. to demonstrate respectful and responsible behaviour that leads to a culture of safety, equity, diversity, inclusion, and respect, in schools, online, and at all school-authorized events and activities, or other events that will have an impact on the school environment;

- 1.3. to show care and concern for others, school property, and the property of others, and take appropriate measures to help those in need.

## 2. Prevention, Response, and Repair:

Behaviour is a form of communication and often represents unmet needs or undeveloped skills.

- 2.1. All schools will engage in proactive, preventative measures to reduce the likelihood of behaviour that can harm individuals or the learning environment.
- 2.2. Responsive measures will be taken when behaviour disrupts the learning environment or is harmful to individuals. Where responsive measures are required, a variety of factors will be considered, including the age of student(s) involved, the severity and frequency of the incident(s), the intent, the impact, any possible disability issues, and context. Responsive measures are progressive in nature and must be age appropriate and reflect the intellectual and emotional development of the student.
- 2.3. We lose the opportunity to teach skills and help students practice safe, caring, and respectful behaviour when they are excluded from school. Wherever possible, we seek to keep students in school. Responses to misbehaviour begin with restorative practices and only result in suspension in extreme circumstances (including repeated offences). Behaviours that affect the safety of self or others may result in immediate suspension.
- 2.4. Repairing relationships after harm has occurred is an important step in restoring safety, belonging, and care in school communities. Restorative practices are an important element repairing harm.

## 3. General Guidelines

- 3.1. Processes to address student behaviour that does not meet conduct expectations, and processes for investigating behaviour that is contrary to this policy, the *School Act*, and the *BC Human Rights Code*, are explained in administrative procedures and individual school conduct expectations (codes of conduct).
- 3.2. Administrative procedures, guidelines, and processes will be developed to:
  - 3.2.1. Support equity, diversity, and inclusion when developing safe, caring and respectful schools.
  - 3.2.2. Include guidelines for addressing student behaviour that does not meet conduct expectations. Guidelines will refer to preventative, responsive, and repairing measures.
  - 3.2.3. Address instances where members of the public interacting with schools feel bullied, harassed, or discriminated against due to actions of students or employees representing Mission Public Schools in an official capacity.
  - 3.2.4. Address an identified poisoned school environment.
- 3.3. The process for investigating and addressing complaints will be done in a timely and confidential manner.
- 3.4. Students and school employees will review school Codes of Conduct and this policy annually, in an age appropriate manner.

## 4. Definitions

- 4.1. *Bullying, Harassment, Cyberbullying, Intimidation, and Discrimination* includes any inappropriate conduct, comment, or threat, by a person towards a student, worker, or others, that the person knew or reasonably ought to have known that would cause the student, worker, or others, to be humiliated or intimidated, or is unwelcome and would deny the student, worker, or others individual dignity and/or respect. This includes any comment, conduct, or behaviours which serves no legitimate school related purpose and has the effect of creating an intimidating, humiliating, hostile, violent, or offensive school environment. It also includes any comment or action that denies the other person individual dignity and/or respect that detrimentally affects students, workers, or others within the Mission Public Schools operating environment, or has adverse school related consequences, such as school advancement.
- 4.2. A *Poisoned School Environment* is where there is a focused pattern of bullying, harassment, cyberbullying, intimidation, or discriminating behaviour, including a broad systemic problem that is tolerated, participated in, or condoned, and where no action is taken to end the bullying, harassing, or discriminatory behavior.
- 4.3. *Discriminatory Grounds* are, in accordance with the *BC Human Rights Code*, grounds on which prescribed discriminatory actions cannot be based upon and includes: Race, Colour, Ancestry, Place of Origin, Political Belief, Religion, Marital Status, Family Status, Physical or Mental Disability, Sex, Sexual Orientation, Age, Gender Identity or Expression, or a Criminal or summary conviction offence unrelated to employment or intended employment.

  - c) include guidelines for addressing student behaviour issues that:
    - i. focus on restorative actions to support educating the student,
    - ii. consider the unique needs of the student, and
    - iii. consider punitive actions only when restorative processes are ineffective.
  - d) address instances where members of the public interacting with schools feel bullied, harassed, or discriminated against due to actions of students or employees representing Mission Public Schools in an official capacity.
  - e) address an identified poisoned school environment.
- 2.4. The process for investigating and addressing complaints must be done in a timely and confidential manner.
- 2.5. All students and school employees are required to review this policy annually.

## 3.

- 3.1. *Bullying, Harassment, Cyberbullying, Intimidation, and Discrimination* includes any inappropriate conduct, comment, or threat, by a person towards a student, worker, or others, that the person knew or reasonably ought to have known that would cause the student, worker, or others, to be humiliated or intimidated, or is unwelcome and would deny the student, worker, or others individual dignity and/or respect. This includes any comment, conduct, or behaviours which serves no legitimate school related purpose and has the effect of creating an intimidating, humiliating, hostile, violent, or offensive school environment. It also includes any comment or action that denies the other person individual dignity and/or respect that

detrimentally affects students, workers, or others within the Mission Public Schools operating environment, or has adverse school related consequences, such as school advancement.

3.2. A Poisoned School Environment is where there is a focused pattern of bullying, harassment, cyberbullying, intimidation, or discriminating behaviour, including a broad systemic problem that is tolerated, participated in, or condoned, and where no action is taken to end the bullying, harassing, or discriminatory behavior.

3.3. Discriminatory Grounds are, in accordance with the BC Human Rights Code, grounds on which prescribed discriminatory actions cannot be based upon and includes: Race, Colour, Ancestry, Place of Origin, Political Belief, Religion, Marital Status, Family Status, Physical or Mental Disability, Sex, Sexual Orientation, Age, Gender Identity or Expression, or a Criminal or summary conviction offence unrelated to employment or intended employment.

#### 4. Examples

4.1. Safe, caring, and respectful school environments are free of acts of:

- a. bullying, cyberbullying, harassment, threats, intimidation, verbal or written abuse, racism, homophobia and other forms of discrimination of any kind, including but not limited to those listed in above or any other distinguishing characteristic, or if based on an association with an individual or group with any of aforementioned characteristics,
- b. any form of violence,
- c. theft, or
- d. vandalism.

4.2. Safe, caring, and respectful school environments do not tolerate the presence of:

- a. intoxicating or banned substances,
- b. weapons (or replica weapons) and explosives, and
- c. intruders or trespassers.

4.3. General examples of conduct or comments that might constitute bullying, harassment or discrimination include verbal aggression or insult, calling someone derogatory names, harmful hazing, initiation practices, isolating students, vandalizing personal belongings, inappropriate use of authority, and spreading malicious rumours.

4.4. Specific examples that constitute bullying, harassment, or discrimination

- a. Verbal abuse or threats, bullying, coercion, taunting.
- b. Unwanted physical contact such as touching, patting, pinching, punching, massaging.
- c. Sexual advances and or requests for sexual favours.
- d. Suggestive or offensive comments or gestures emphasizing sexuality, sexual identity or sexual orientation (including lesbian, gay, bisexual, transgender, questioning).
- e. Unwelcome, derogatory, or demeaning comments, innuendoes, jokes, name-calling or slurs.
- f. Derogatory or demeaning posters, pictures, cartoons, graffiti or drawings.
- g. Practical jokes which cause awkwardness or embarrassment.
- h. Malicious gestures or actions such as leering, staring, tripping.
- i. Any inappropriate comment or action based upon discriminatory grounds.

4.5. Behaviours that may not constitute bullying, harassment, or discrimination:

- a. Consensual Banter or Relationships – Two or more people bantering back and forth is not harassment if **everyone** involved agrees. However, if anyone feels uncomfortable with the

behaviour and the behaviour continues even after that person has expressed their discomfort, or if the others involved should have known the person was uncomfortable, then it is harassment.

b. Flirting with each other, or becoming involved in a romantic or sexual relationship, are not harassing each other if the relationship is consensual. However, if one person changes their mind, and the other person persists in trying to continue the relationship, it is harassment.

c. Legitimate interventions – appropriate reviews, counseling, coaching and discipline are not considered bullying, harassment, or discrimination.

**Special Training, Facilities or Equipment Required:**

**Course Synopsis:**

This course is designed to help students recognize ways in which they can develop and enhance their self-efficacy. This course builds on the foundation of Self Efficacy 10. Students will learn to recognize the power they have to affect situations will influence both the ability a student has to face challenges competently and the choices a student is most likely to make. Learning outcomes for the course are grouped under social-emotional learning themes, focusing on the development of self- and social awareness and self- and relationship management skills. By exposing students to diverse situations and interaction, students will develop a deeper understanding of their personal values. Students will learn additional strategies and skills to aid them in communication, interpersonal relations, and conflict management while taking responsibility for their decision-making and problem solving. As a culmination, students reflect on their progress and personal goals, and consider how they can create new possibilities for themselves.

**Goals and Rationale:**

This course is for students with social, emotional, and/or behavioural barriers to their learning and who have been recommended through the School Based Resource team and/or Counsellor. These students need additional supports to reach their full potential. This course has been designed to help meet the learning needs and the emotional needs of students who need a structured framework of providing social-emotional support, providing advocacy on behalf of the student, and fostering the development of self-efficacy and independence. It will allow students to develop strategies for resolving conflict and managing stress in social contexts by teaching self and social awareness, and self and relationship management. This course supports and encourages students to explore who they are as valued individuals and to explore ways to make positive changes in their lives by exploring what they value and who they want to become.

**Aboriginal Worldviews and Perspectives:**

“Connectedness and Relationships”

“Encourage student self- awareness grounded in knowledge of family origins, cultural background, place of origin, allegiance and affiliation, citizenship, and other identity ‘markers’. Student self-expression via writing, speaking, and representation is an opportunity to address and revisit this theme at various stages during their K-12 schooling”

## Big Ideas – Elaborations

### **Self-Awareness & Recognition**

- Students will continue to develop a reflective mindset through guided activities. In doing so, students will work to develop a greater understanding of themselves as an individual.

### **Self-Management & Organization**

- Students will continue to develop personal self-management and personal and academic organization. In doing so, students will work to identify personal strength and needs, and will be exposed to strategies that will help them emphasize strengths and work to strengthen needs.

### **Social Awareness & Communication**

- Both individually and in groups, students will develop their social awareness and communication skills through guided activities that require them to be reflective when working with and considering others. In doing so, students will be exposed to different ways of thinking and acting, and work to develop a greater understanding of the people around them.

### **Building Positive Relationships**

- Both individually and in groups, students will continue to develop through guided activities that challenge them to react to both formal and informal social settings. In doing so, students will be exposed to positive relationship development skills and strategies, and work to develop a greater understanding of appropriate relationship interactions.

### **Decision Making & Responsibility**

- Both individually and in groups, students will develop through guided activities that require them to reflect on the decisions they make. In doing so, students will be exposed to different decision-making strategies, and work to understand how decisions impact outcomes.

## Curricular Competencies – Elaborations

## Content – Elaborations

### **Recommended Instructional/Assessment Components - Ensure alignment with the Principles of Quality Assessment:**

The instructional component of the course may include the following: lectures, large and small group discussions, guest speakers, videos, online research, individual and group activities, student presentations, self-directed projects, as well as goal setting, tracking, and self-assessment activities.

Eighty percent (80%) of the grade will be based on evaluations conducted throughout the course. This portion of the grade will reflect the students' most consistent level of achievement throughout the course, although special consideration will be given to the more recent evidence of achievement.

Twenty percent (20%) of the grade will be based on a final evaluation of each student's visual journal, goal setting portfolio, presentation and/or another method of evaluation suitable to the course content and administered toward the end of the course.

Students experiences with diverse situations and interaction, will develop personal values. Students will practice strategies and skills to aid them in communication, interpersonal relations, and conflict management while taking responsibility for their decision-making and problem solving. As a culmination, students reflect on their progress and personal goals, and begin to consider how they can create new possibilities for themselves.

**Goals and Rationale:**

This course is for students with social, emotional, and/or behavioural barriers to their learning and who have been recommended through the School Based Resource team and/or Counsellor. These students need additional supports to reach their full potential. This course has been designed to help meet the learning needs and the emotional needs of students who need a structured framework of providing social-emotional support, providing advocacy on behalf of the student, and fostering the development of self-efficacy and independence. It will allow students to develop strategies for resolving conflict and managing stress in social contexts by teaching self and social awareness, and self and relationship management. This course

supports and encourages students to explore who they are as valued individuals and to explore ways to make positive changes in their lives by exploring what they value and who they want to become.

**Aboriginal Worldviews and Perspectives:**

“Connectedness and Relationships”

“Encourage student self- awareness grounded in knowledge of family origins, cultural background, place of origin, allegiance and affiliation, citizenship, and other identity ‘markers’. Student self-expression via writing, speaking, and representation is an opportunity to address and revisit this theme at various stages during their K-12 schooling”

## Recommended Instructional/Assessment Components: Ensure alignment with the Principles of Quality Assessment

The instructional component of the course may include the following: lectures, large and small group discussions, guest speakers, videos, online research, individual and group activities, student presentations, self-directed projects, as well as goal setting, tracking, and self-assessment activities.

Eighty percent (80%) of the grade will be based on evaluations conducted throughout the course. This portion of the grade will reflect the students' most consistent level of achievement throughout the course, although special consideration will be given to the more recent evidence of achievement.

Twenty percent (20%) of the grade will be based on a final evaluation of each student's visual journal, goal setting portfolio, presentation and/or another method of evaluation suitable to the course content and administered toward the end of the course.

**Board/Authority Prerequisite(s):**

Achieving an 'A' in the course Basketball 10: Training, Competing, and Officiating. Students who play basketball on one of the school basketball teams should be taking this course.

**Special Training, Facilities or Equipment Required:**

The teacher should be specialized in Physical and Health Education and have a background in basketball with coaching experience. At least Learn to Train (Level 1) NCCP Basketball BC Certification and continuing to improve their pedagogy by attending professional development opportunities. Facility required: gym. Equipment required: cones, basketballs, pinnies, and whistles.

**Course Synopsis:**

This course will foster the development of basketball specific skills and allow students to practice/compete with others in basketball related activities/games. This course will provide students with the necessary knowledge needed to officiate elementary school basketball games. In addition, this course includes units that are specific to basketball on skill development, offensive strategies, defensive strategies, teamwork, communication, and fitness. Students will learn how to train to improve their basketball skills, fitness, and performance; compete against their peers and develop their skills and tactics; and learn the rules/fouls in order to officiate lower level basketball games.

**Goals and Rationale:**

The goal of this course is to enhance students' competency in basketball both as a player and as an official. This course will allow students to develop their skills and knowledge for the game of basketball. This course will cater to the Core Competencies of the New BC Curriculum: Communication, Creative Thinking, Critical Thinking, Positive Personal & Cultural Identity, Personal Awareness and Responsibility, and Social Responsibility. Students will be able to improve their communication skills by interacting and working with their peers to obtain goals. Creative and critical thinking will be needed in this course for creating their own

practice plans as well as having to make critical choices during basketball games/activities. The students' personal identity will be positively impacted by this course through the encouragement and support from their teacher and peers. Students' personal awareness and responsibility will develop in this course by learning the skills, strategies, and dispositions that help them to stay healthy and active, set goals, monitor progress, regulate emotions, respect their own rights and the rights of others, manage stress, and persevere in difficult situations through the sport of basketball. The social responsibility of the students will be strengthened through their interactions with their peers in class, creating and maintaining healthy relationships, and working/volunteering in the community.

*Goals for the Three Domains of Learning:*

*Psychomotor domain*

- Students will learn the proper technique for basketball specific skills such as passing, dribbling, shooting, rebounding/blocking out, and footwork on offense and defense
- Offensive/Defensive concepts and strategies
- Develop the movement knowledge, skills, and understandings that will allow for lifelong participation in a variety of basketball games/activities

*Cognitive domain*

- Learn how to participate in different types of physical activities and games, including the rules and tactical strategies
- Transferring skills and concepts from one game to another
- To make correct decisions when placed in various situations

*Affective domain*

- Learn how to communicate effectively with their peers and people in the community
- Learn how to interact with others to create a positive environment for learning and enjoyment
- Develop an understanding of the many aspects of well-being including physical, emotional, mental, and social

**Aboriginal Worldviews and Perspectives:**

This course connects to the First Peoples Principles of Learning:

- Learning ultimately supports the well-being of the self, the family, the community, the land, the spirits, and the ancestors.
  - The learning in this course will support the students' self-image and impact the community in a positive way.
- Learning involves recognizing the consequences of one's actions.
  - Students will learn that their actions ultimately have consequences, good or bad, and have to adjust their behaviour accordingly.
- Learning involves patience and time.
  - Students will need to have patience while developing their basketball skills; as well, know that it takes plenty of time and practice.

**Course Synopsis:**

Business Law 12 covers 4 main areas of legal study: Legal Fundamentals; Business Organizations and Employment; Business Relationships; and Property Law. Students begin by developing an understanding of the nature of laws, how they developed, the general need for rules to govern behaviour of individuals, and the establishment of fundamental rights and duties of persons in Canadian society. Students will examine the legal system; how it is used to resolve disputes and the role of the courts as the chief interpreter of the constitution. From this foundation, students will then explore Civil Law; understanding “duty of care”, how to protect one’s interests from civil claim, and how to seek remedy through the courts should a civil wrong (tort) be committed either due to carelessness or intention. Students will thoroughly understand the basic concepts related to contract law as it is one of the most important areas of common law from a business perspective. Topics include understanding who may legally enter into contract, what makes a contract valid/binding, and the consequences of breach of contract. As entrepreneurship and self-employment are increasingly undertaken, an understanding of the legal implications of ownership forms as well as employment law become increasingly important. Students will explore various forms of business organization; sole proprietorship, agency relationship, and partnership. Students will understand the rights and duties of both employer and employee with emphasis on employment standards, termination, the roles/procedures of unions and collective bargaining law. Students will explore the nature of the contract of sale, rules for the transfer of title, and the principle of “caveat emptor” through the study of consumer protection laws. Finally, given the local environment in BC, an emphasis will be placed on an understanding of Real Estate Law; the various estates and interests in land, registering property interests, leases, and mortgages. An understanding of Canadian/BC laws as they pertain to business activity will uniquely prepare students for the opportunities and challenges following high-school.

**Goals and Rationale:****SECTION 1: LEGAL FUNDAMENTALS**

1. To understand the Canadian Legal System: what is law, its sources and enforcement, alternative methods of resolving disputes (ADR).
2. To explore Canadian Civil Law: identify common intentional and unintentional torts in both business and personal contexts; understand the concept of “duty of care” and how courts apportion liability and determine compensation; examine the role of contracts in business, elements of a valid contract and how they are formed, contract enforceability, performance and the consequences of breach of contract.

**SECTION 2: BUSINESS ORGANIZATIONS AND EMPLOYMENT LAW**

3. To consider the legal environment of business organizations and areas of law applicable to sole proprietorship, agency and partnership.
4. To examine the employment relationship: duties and responsibilities of employers and employees, termination and wrongful dismissal.
5. To outline the role of unions in the employment relationship and the process of collective bargaining.

**SECTION 3: BUSINESS RELATIONSHIP LAW**

6. To examine Canadian Consumer Law: the contract of sale, when title (and risk) pass to the buyer, rights and duties of the buyer and seller including remedies, legislations designed to provide consumer protection including the role of credit reporting and collection agencies.

**SECTION 4: PROPERTY LAW**

7. To understand Canadian Real Estate Law: the various estates and interests in land, title and registration of property interests, leases and their uses, land as security for debt, and mortgages as an interest in land.

Laws impact every aspect of an individual’s life. It is important to understand the law and how it is used. As an educated citizen, students must understand and demonstrate their duty of care toward others, have a clear understanding of when and how to legally enter into binding contracts for the purchase of real property, such as a home, and for the purpose of employment. Students must also understand how to protect their interests and know when and how to pursue remedy through the courts. An understanding of the law, particularly as it applies to the context of business will help to ensure that as students become fully participating members of society, that they both understand how to pursue their livelihoods within the bounds of the law, but also understand their fundamental rights as Canadians, and how to protect themselves.

**Aboriginal Worldviews and Perspectives:****1. LEGAL FUNDAMENTALS: Law and the Legal System**

To develop an understanding of Aboriginal worldviews and perspectives on law and justice

1. To understand aboriginal culture and the role of elders
2. To define and explore the worldviews of aboriginal and non-aboriginal peoples
3. To provide an understanding of aboriginal concepts of law and the meaning of justice
4. To explore applications of Restorative Justice in the aboriginal and non-aboriginal community

**2. PROPERTY LAW: Real Estate Law**

To develop an understanding of Aboriginal views on real property

1. To understand the First Nation relationship to the land
2. To explore the Aboriginal view of property ownership and stewardship
3. To provide an understanding of Aboriginal perspectives of land treaties and Aboriginal rights

## BIG IDEAS

<p>Understanding one's legal rights, freedoms and duties prepares citizens to exercise the responsibilities of an individual within the family, the community, Canada, and the world.</p>	<p>Laws are established in response to the needs of society and are refined over time as society changes.</p>	<p>A society's laws and legal system affect not only the individual lives of its citizens but also the commercial and economic activity of that society.</p>	<p>The law of contract and the duty of care owed to others and their property are foundational to common law from the standpoint of business.</p>	<p>An understanding of the intersection of business and the law enhances the sound and ethical decision-making abilities of its citizens engaged in commerce.</p>

### Big Ideas – Elaborations

1. Charter of Rights and Freedoms and it's application to non-citizens and their participation in Canadian society
2. Current societal trends and possible changes to the Charter of Rights and Freedoms to better reflect today's society
3. Globalization, outsourcing of commercial activity and the development of law
4. Duty of care as affected by social media's impact on society.
5. The ethics of doing business internationally (in the absence of laws akin to those in Canada)

### Curricular Competencies – Elaborations

- **Use Social Studies inquiry processes and skills to ask questions; gather, interpret, and analyze legal concepts, issues, and procedures; and communicate findings and decisions:**

*Sample activities:*

- Investigate legal resources available in the community to help people deal with legal issues and how to represent themselves in court or in front of a tribunal.
- Research alternative methods and strategies to resolve conflicts before they become legal problems
- Conduct a mock trial or debate to judge case law

- **Assess and compare the significance and impact of legal systems or codes (significance):**

*Sample activities:*

- Analyze the role of global dispute resolution institutions and agencies in economic development issues.
- Assess the impact that a law, court decision, or legal principle has on the commercial undertakings of society.
- Assess the impact of technology (internet-based transactions and currency) on the development of law.

- **Analyze continuities and changes in legal systems or codes across jurisdictions (continuity and change):**

*Sample activities:*

- Analyze how laws, justice system structures and practices, legal precedents, and legislative agendas adapt to changes in society.
- Analyze forces of globalization on commercial activity, contract law and the impact on the rights or workers internationally.

- **Explain and infer multiple perspectives on legal systems or codes (perspective):**

*Sample activities:*

- Analyze the changes to Canadian real property laws in light of affordability crises and foreign ownership
- Analyze government adherence to legal principles, such as the rule of law, by examining a variety of legal issues, controversies, and cases.

- **Make reasoned ethical judgments about legal systems or codes (ethical judgment):**

*Sample activity:*

- Investigate the use of the legal system vis a vis the corporations and the rights and freedoms of individual citizens.

**Content – Elaborations**

- regulations for acquiring a mortgage in BC (stress test) etc.
- vacancy/speculation tax in BC
- ownership in a strata property
- buying a home on First Nation land (99-year lease)

**Recommended Instructional Components:**

Micro-lessons, the use of film, analysis of news articles, and the study of case law will feature heavily as instructional strategies. Students will use legal databases (Canlii) to access case law. Lessons will be supplemented by readings from the recommended text. Drill and review questions (oral and written) will help develop appropriate legal terminology and deepen student content knowledge. In class discussion based on fact patterns will be used to foster critical thinking, problem solving, and respectful debate. Students will write case briefs and the conducting of Mock trials will allow students to demonstrate analysis, collaboration and communication skills. Observing law in action by visiting a local courthouse, and the BC Law courts will enhance student experience.

**Recommended Assessment Components:***Formative assessment:*

- review questions based on course readings (written and oral/observation), assessed on a 3 level scale for understanding
- on-line applications (Kahoot), and vertical learning techniques
- collaborative (buddy) quizzes as means of daily review
- presentation of case facts individually and in groups; self evaluation according to rubric
- class discussions/debate
- use portfolio feature of Learn75/Scholantis to collect work samples that will demonstrate growth
- reflections on law courts visit

*Summative assessment:*

- unit tests; opportunities to improve understanding based on test corrections and re-writing
- mock trials (participate in a variety of legal roles)
- news story analysis: determine facts at law, interpret legal findings; report out in both written and oral formats
- self evaluation (according to rubric) of mock trial performance; set goals for future trials

**Special Training, Facilities or Equipment Required:**

None

**Course Synopsis:**

Criminology 12 is the scientific study of criminal behavior. Students who take traditional Law 12 are exposed to a broad sampler of the various legal studies. However, this course will only focus on just criminal law. The presentation of content will take students on a journey from analyzing why certain actions have been deemed criminal, to how our court system handles offenders and attempts to reintegrate them back into society. Students will be challenged to reflect on their own beliefs and engage in discussions that will enhance their understanding of our Canadian criminal justice system from an objective perspective.

**Goals and Rationale:**

1. Explore the Canadian Criminal Justice system at a deeper, grassroots level
2. Analyze the role personal and social morality play in the creation of our criminal laws
3. Discuss the importance the presumption of innocence has during legal proceedings
4. Analyze how the Charter of Rights and Freedoms impacts the application of the criminal laws, from both a substantive and procedural perspective

**Aboriginal Worldviews and Perspectives:**

**Board/Authority Prerequisite(s):**

English language acquisition test

**Special Training, Facilities or Equipment Required:**

Course instructor must be trained and/or experienced in delivering differentiated instruction to English language learners.

**Course Synopsis:**

English for Language Learners Level 2 is a preparatory course for English 10 or 11. ELL learners will be given opportunities to acquire the English skills needed to make academic progress. Through group/independent reading, class discussions, group/individual work, and oral presentations, students will further develop their speaking, listening, reading comprehension, and writing skills. This course is intended to graduate the student through English for Language Learners Level 3, with the ultimate goal of graduating from a B.C. School.

**Goals and Rationale:**

This course is designed to graduate the ELL learners through a rigorous, academic English skills-based program, which will support the Academic English program offered at the school. ELL learners will learn the four main English language skills of reading, writing, listening and speaking. This course is developed for the international and landed immigrant student whose goal is graduation from a B.C. School and whose English language skills are low. The goal of the course is to enable the ELL learner in such a way that they achieve a level of fluency in English to communicate ideas, ask and answer questions, provide simple explanations and descriptions, give simple opinions with reasons, and make statements both orally and in writing.

**Aboriginal Worldviews and Perspectives:**

Class content shall include stories expressing First Peoples' perspectives, values, beliefs, and points of view. Students will learn to recognize and appreciate the diversity within and across First Peoples' societies as represented in texts.

Per term, sixty percent (60%) of the grade will be based on formative assessments. This portion of the grade will reflect the student's most consistent level of achievement throughout the course. Formative Assessment\* components will include, but not be limited to the following:

- Self/peer evaluation of written and oral work
- Grammar worksheets
- Presentations
- Classroom discussions
- Writing assignments
- Comprehension worksheets
- Vocabulary assignments
- Pair/group work
- Student conferencing

\*Assessment will be done on an ongoing basis, and data collected will be used to inform the student on their level of achievement.

Per term, forty percent (40%) of the grade will be based on summative assessments\*. Components will include, but not limited to the following:

- Vocabulary quizzes and tests
- Unit tests
- Formal writing assessments
- Presentations and projects
- Portfolio assessment

\*Assessments will be standards-based, age/grade-level appropriate, tied to instructional outcomes, purposeful, varied and clear.

**Additional Information:****Instructional Support – Elaborations****Differentiation:**

Attend to the curricular outcomes and alter the resources, learner tasks, teaching strategies, student products and assessment based on the proficiency of English language learner.

- Provide process support: e.g., guided practice, strategic grouping, supportive templates, labelled graphic organizers with instructional support, cloze, group generated projects
- Provide scaffolded opportunities for students to demonstrate their learning with end products, such as scripted and practiced presentations, categorizing and labelling

**Culturally Responsive Practices:**

Acknowledge the home language and prior knowledge of English language learners, support the use of the students' home languages to understand the English language and academic concepts, and encourage opportunities for students to share their cultures.

- Use first language buddies
- Ensure materials represent multicultural perspectives; e.g., food, shelters and structures, landforms
- Organize activities that reflect various cultures

**Resources:**

Engage students through multimodal resources representing multiple perspectives.

- Regalia and visuals to build background knowledge
- Manipulatives
- Simple leveled texts, high interest/low vocabulary texts, modified texts, visually supported texts
- Video with an adjusted rate of speech, subtitles, essential concepts only
- Pre-selected websites and apps at an appropriate level
- Digital tools; e.g., translator dictionary, text-to-speech and speech-to-text software
- Interactive multimedia at appropriate level

**Board/Authority Prerequisite(s):**
**Special Training, Facilities or Equipment Required:**
**Course Synopsis:**

This course prepares the student for work in educational and instructional social service environments. It considers typical duties and job descriptions; populations served; common challenges and constraints; organizational structure; professionalism; effective assessment, communication techniques and training approaches.

**Goals and Rationale:**

Rationale: CSWs and EAs work in highly collaborative environments but there are important hierarchies, policies, legislation and distinctions in work roles in each setting.

Goals: Learners will develop a foundational understanding of their future workplaces and develop root competencies such as writing skills and First Aid.

**Aboriginal Worldviews and Perspectives:**

The concepts of institutionalization, paternalism, autonomy and authority are deeply explored. Consideration of Canada's history of institutionalization includes discussion of Trutch and the reserve system; the Indian Act; residential schools and the 60's Scoop.

**Course Name:** Community Support Worker 12A (YCPA-1A) Foundational Skills

**Grade:**12

**BIG IDEAS**

Assess and Address	Inclusion vs Integration and Segregation	What does institutionalization mean?	Examining interdependence. What are life skills? Why are they valuable? How are they taught.	Physical safety and dignity (emotional safety)

**Special Training, Facilities or Equipment Required:**
**Course Synopsis:**

This course provides the student with a foundation in cognitive and behavioural psychology, preparing the student to develop intervention strategies.

**Goals and Rationale:**

Rationale: While teachers are generally seen as experts in curricular design, delivery and assessment, EAs and CSWs are expected to be experts at the individual level of service, and need to be prepared with knowledge that underpins effective behavioural management practice.

Goals: Learners will know the “why” behind the methods they will develop and they will be able to explain the practice choices they make. They will adapt and combine tools based on the assessed needs of supported persons.

**Aboriginal Worldviews and Perspectives:**

The course will offer multiple world views of mental illness and mental health, including that of North American First Nations. Consideration of traditional practices, such as “coming of age” rituals; vision-quests, sweat lodges and so forth will be considered as part of the discussion of Ericson’s and Bronfenbrenner’s theories.

## Policy 18

---

### STUDENT TRUSTEE

The position of Student Trustee has been established by the Vancouver Board of Education (VBE) for the purpose of encouraging open communication between the student body and the Board, increasing student engagement in School District governance matters, and increasing student participation in District planning and policy and program development.

#### 1. Role Description And Expectations

The Student Trustee:

- 1.1. Is not a member of the Board, is not entitled to vote on any matter before the Board or any of its committees, and does not have the statutory powers or duties of a School Trustee under the School Act.
- 1.2. Will attend all regular public meetings of the Board but is not entitled to be present at any meetings that are private.
- 1.3. May attend all meetings of the Board, including standing committee meetings, except private meetings or at which persons other than trustees are excluded.
- 1.4. Will participate with other trustees in discussions, and provide a student perspective on matters before the Board.
- 1.5. Will comply with the *Student Trustee Conflict of Interest Guidelines* in Appendix 1.
- 1.6. Is not entitled to move a motion, but may suggest a motion on any matter at a meeting of the Board or a committee on which the student trustee sits.
- 1.7. Shall have access to all information and resources provided to Board members (e.g.: reports, training sessions, etc.) with the exception of information related to matters which are being considered at a private meeting or from which persons other than trustees are excluded.
- 1.8. Will present a Student Trustee report at the first regular Board meeting of each month.
- 1.9. Will report regularly to the students of the VBE, through the Vancouver District Student Council (VDSC), the activities of the Board pertaining to public meetings of the Board and its committees.
- 1.10. Is encouraged to visit and meet with secondary school students in schools within the Vancouver School District.

## 2. Eligibility And Qualifications

- 2.1. To qualify to be nominated and hold the position of Student Trustee, the person must meet the following qualifications:
- 2.2. Be a student in regular attendance at a VBE secondary school.
- 2.3. Be 16 years of age or older by December 31 of the school year in which the student trustee holds office.
- 2.4. Have parental consent (if under 19 years of age).
- 2.5. Be a member of the Vancouver District Student Council (VDSC).

## 3. Election Of A Student Trustee

- 3.1. In order to elect a Student Trustee, the VDSC must follow the process outlined below.
- 3.2. Each member of the VDSC is eligible to be nominated as a candidate for the position of Student Trustee, subject to section 2 of this Regulation.
- 3.3. Candidates interested in election as a Student Trustee will provide members of the VDSC with a personal resume and/or a letter of intent at least forty-eight hours prior to the meeting of the VDSC to select the Student Trustee.
- 3.4. Student Trustee candidates will be provided the opportunity to make a five minute presentation to the meeting of the appropriate VDSC meeting.
- 3.5. Where there is more than one candidate, the VDSC will select, by secret ballot, the Student Trustee representative from among the candidates. Balloting will continue, dropping off the candidate with the fewest votes, until one candidate achieves a simple majority.
- 3.6. VDSC will notify the Secretary-Treasurer of the person elected as Student Trustee.
- 3.7. In the event that the Student Trustee leaves office before the completion of their term, the vacancy will be filled by a by-election.

## 4. Term Of Office

- 4.1. The Student Trustee will be elected in May/June for the following school year. The term of office of the Student Trustee shall be from September 1st of the year in which the student trustee is elected and ends June 30 of the following school year.
- 4.2. The term of office for the Student Trustee will be one school year. A Student Trustee may be re-elected by the VDSC and may serve a maximum of two years. The Student Trustee will be expected to serve during the school year only.

## 5. Disqualification Of Student Trustees

- 5.1. A Student Trustee will be disqualified from service if he or she:
  - 5.1.1. Ceases to be a student in School District 39 (Vancouver).
  - 5.1.2. Is absent from three consecutive regular meetings of the Board without permission of the Board.
  - 5.1.3. Is convicted of an offence under the Criminal Code of Canada or under the Youth Criminal Justice Act.
- 5.2. A student trustee may be disqualified from service if he or she:
  - 5.2.1. Breaches the confidentiality of the Board.
  - 5.2.2. Is suspended from school for a serious violation of the Code of Conduct or other Board policies or school rules.

## 6. Honorarium And Support For The Student Trustee

- 6.1. The Student Trustee will receive an honorarium as determined by the Board from year to year. This honorarium will be pro-rated if a Student Trustee does not serve for the full term.
- 6.2. The Student Trustee will be reimbursed for any appropriate receipted expenses incurred as a function of the role, including transportation costs in accordance with Board policies. Further, the Student Trustee will be supported in attending conference opportunities that relate to the role, with a budget for conference expenses to be approved by the Board.
- 6.3. The Student Trustee will be supported in attending one out of District conference opportunity per school year that relates to the role, if they so choose to attend, with a reasonable budget that aligns with Board conference expense guidelines.

## 7. Responsibilities Of The Board Chair And Superintendent Of Schools

- 7.1. To appoint one elected trustee to act as a mentor for the Student Trustee.
- 7.2. To meet with the Student Trustee at the beginning of the school year to discuss their responsibilities and participation.
- 7.3. To meet with the VDSC at the beginning of the school year to orient them to the role and expectations of Student Trustee to the Board and to encourage VDSC student representatives to attend VBE Standing and Advisory Committee meetings, and to support the Student Trustee at Board meetings throughout the school year.
- 7.4. To acknowledge the service of the Student Trustee to the Board during the second Board meeting in April of each school year.
- 7.5. To organize an annual liaison meeting between the Board and VDSC.

8. Other

- 8.1. The Student Trustee will not participate in BCSTA events in any formal manner. The Student Trustee may accompany elected trustees to appropriate BCSTA events or orientation and training purposes provided BCSTA does not object.

### STUDENT TRUSTEE CONFLICT OF INTEREST GUIDELINES

1. A Student Trustee must not participate in any Board discussion where the Student Trustee may have a conflict of interest or an apparent conflict of interest.
2. For the purposes of this policy and regulation, the Student Trustee has a conflict of interest when a Student Trustee or their parent(s), spouse, sibling or child has a direct or indirect financial interest in the matter being discussed at the Board or Committee meeting.
3. For the purposes of this policy and regulation, the Student Trustee has an apparent conflict of interest where a reasonable member of the public may believe that the Student Trustee's participation in a discussion at a Board or Committee meeting may have been affected by their private interest.
4. A Student Trustee who believes that he or she has a conflict of interest must declare the conflict to the Board or the Committee and withdraw from any further participation in the discussion of the matter that gave rise to the conflict.

**1. CALL TO ORDER**

The meeting was called to order at 3:30 pm by the Chairperson. The Chair acknowledged that Mission Public Schools is held on Stó:lō Territory. There are four First Nation Bands within the boundaries of the Mission School District: Leq:a'mel, Sq'èwlets, Kwantlen, and Matsqui First Nations.

**2. ADOPTION OF AGENDA**

MOVED and Seconded THAT the Agenda be adopted as presented.

**CARRIED.**

**3. DELEGATIONS/PRESENTATIONS**

**3.1 MTU - Social Media**

MTU President has presented their concerns & recommendations, and would like to bring attention to the Social Media policy review sooner than planned. The Superintendent and Trustees all agree with all the concerns, as social media has affected everyone in some way.

A question was asked about the survey Q7 - did the teachers have to seek out support for mental health? Q8 - Why would the union be less aware than the administrators? People had to take medical leaves, seek out professional support. Damage is measurable and real. Union vs Management: not every member has an absolute trust in the MTU. Members go to administrators in crisis quicker than to the union.

A comment was made that there should be some moderator legislation. We have the Respectful Schools policy. Parents and social media are outlined there as well. DPAC is a channel for parents. Media should investigate before airing something. Many unacceptable behaviours have been seen online. We all need to work together to inform people.

A comment was made that we can make threats (legal action), but if we cannot follow through, the threats may be more counter-productive. There is a small number of negative people who now have a platform to voice their view. Not everyone believes what they read on Facebook; however, it does have a far reach. Trustees and Staff need to get together and set something up, so that we all have a sense of comfort. It is extremely frustrating. The Board and senior staff are behind district staff.

A question was asked if the MTU is aware on any other district having policies about online conduct. No. We do have our list of policies 2.8, 2.9 to be worked on. In the MTU survey, there were 130 responses from approximately 480 teachers.

A comment was made that if a social media conduct policy was put in place, it would be extremely hard to police. Many of the people online are not even parents or part of the schools. People may get angry about being "policed."

#### **4. CURRICULUM**

##### **4.1 Speech-Language Department Service**

The Director of Student Services introduced Gina McCarty, the district's Speech Pathologist. Speech-Language Department has currently 4.5FTE, 4 part time, 2 full time employees. 1 part time position is dedicated to students with Complex needs.

Appreciation for the value of the SLP service to children in the district has been expressed by the Board and Partners. SLP is integral and works in partnership with school staff.

SLP brings a vast quantity of technical knowledge. Language acquisition is a complex process, which helps promote student success.

A question was asked about the greatest challenges recruiting to SD75. We are 100% staffed at this moment. There is a provincial shortage of SLP. Currently have backlog due to COVID.

A comment was made that outside of SD75, services were not operating at all through covid. Child Development Centre did not provide service at all. Last year, there were only 25 graduates from UBC. There are not enough available.

#### **5. UNFINISHED BUSINESS**

#### **6. STAFF REPORTS**

##### **6.1 Indigenous Education Department Update**

The District Principal of Indigenous Education presented her department update. A question was asked if integrating existing language keepers and our existing

teaching staff would be an option for Halq'emeylem teaching? Elders have language knowledge, but often not a teaching degree.

## 7. NEW BUSINESS

### 7.1 FESL Peer Review

The Board Chair shared the process and themes observed across the province. SD75 is participating in self-peer review and will be reporting out to the Board in May. If every district was able to answer the questions, we would be able to move forward.

A question was asked about the number of districts having enhancement agreements and LEAs. A lots of other districts have done equity scans. A video from SD75 was shared as an example of good work.

A question was asked about the Cycles of review - do we have enough people working with youth in care?

### 7.2 Climate Change Policy

The Secretary-Treasurer started the conversation by presenting existing procedures and asked what the Board would like to see in the Climate Change Policy. BCSTA has a climate change working group meeting until June. SD75 has completed their Survey. Purchasing policy will be reviewed next year.

A suggestion was made to integrate the electric vehicle procurement/purchase policy, as it speaks to greenhouse gas emissions reduction.

Trustees would like to see the metrics of how we are doing since 2011?

Energy greenhouse waste reduction is a good starting point. We can get some data for the last 5-7yrs. Staff would like some concerns from Trustees and/or community regarding climate change. Procedures are all staff procedures. Some of the elements of purchasing are overlapping and can be streamlined during the review.

MTU suggested to integrate low carbon footprint into the new high school. Recognizing climate change – SD75 needs to be able to keep teachers safe and working in cold/hot conditions. The climate change is here, it is happening, and effects will likely be seen more often.

A comment was made that costs are increasing, and likely affecting our budget. Should more metrics be added to the existing list?

A comment was made that we should compare greenhouse gases from a diesel bus vs the EV.

A suggestion was made for a discussion with the City Council - can SD75 contribute to the cooling stations?

A suggestion was made about considering walkability and safety to catchment schools: considering how many kids can walk/bike... get to school without using a car.

Emergency preparedness. The Board should publicly acknowledge and recognize that climate change is real (as there are still people who deny it).

Staff will look at energy consumption data to get a trend line. Will look at what was done with HVAC (upgrading). Not all of our schools have air conditioning. Upgrading will come at significant costs.

### 7.3 Indigenous-Focused Graduation Requirement Engagement

The Board Chair has withdrawn the motion, as the engagement is meant for individuals, it is short, and does not allow for the Board to elaborate. The Board should encourage and share the information to the community.

### 7.4 Board Meeting Agenda Setting Procedure

A suggestion was made to add what happens when a request has been denied, or when it moves to another agenda setting meeting.

### 7.5 Delegations Procedure

The Board appreciates the procedure and form being in place, as it simplifies evaluating/planning delegations.

### 7.6 Trustee Code of Ethical Conduct Policy

**MOVED and Seconded THAT the updated Draft Trustee Code of Ethical Conduct policy be reviewed and revised as necessary, circulated to the public through the engagement site [engage.mpsd.ca](http://engage.mpsd.ca) for further feedback, and returned with comments to the May Committee of the Whole meeting. CARRIED**

The Secretary-Treasurer advised that some of the additions have come from other school districts.

A comment was made that misconduct vs human rights - issues in other contexts should be addressed.

A comment was made that Respectful schools policy covers Trustees as well.

As Trustees are not employees, the policy states what is expected (reference to respectful schools/workplaces) but trustees cannot be disciplined the same way as employees. Procedure outlines steps and process. This procedure aligns nicely with Respectful schools Policy.

A comment was made about agenda p.57: trustees may not use schools for benefit of friends or family - examples: trustee having a business, asking a interest free loan, family business doing plumbing for the school district..., free advertising for a business (may be difficult to follow in some circumstances, in a small community).

MTU commented that - should a trustee run off-course, something like what happened in Victoria should not happen.

As a Board, we have a responsibility in acting in a manner that instills confidence and trust in public education for all.

Sanctions - staff should not be controlling or recommending sanctions. For misconduct, these can be imposed by the trustees.

### 7.7 Trustee Conduct Complaint Procedure

**MOVED and Seconded THAT the Trustee Conduct Complaint Procedure, be reviewed and revised as necessary, circulated to the public through the engagement site engage.mpsd.ca for further feedback, and returned with comments to the May Committee of the Whole meeting.**

**CARRIED**

Procedure outlines steps and process. This procedure aligns nicely with Respectful schools Policy. **Trustees agreed that the whole procedure should be brought into the Policy.**

Censure/suspension of trustees has happened recently - is something like this something we should add to the policy/procedure?

Respectful Schools have references to Human rights. No need to duplicate. Safe and caring schools is still in place. Respectful schools to be reviewed later this year.

There is a different approach to students vs approaching the adults (workplace).

p. 60 of the agenda: What is natural justice (adequate notice, fair hearing, and no bias). How to recognize if decision is unbiased? This section needs to be reviewed.

7.8 **Schools of Choice & Busing**

**MOVED and Seconded THAT the Transportation Services Policy be amended to clarify that:**

- 1. Students choosing to attend a school of choice (Hillside Elementary or Edwin S Richards Elementary) will not receive regular busing services. Busing to these schools would only be available if a student is placed at a school of choice.**
- 2. The middle school catchment for Hillside Elementary is Heritage Park Middle School. However, busing for students that attended Hillside Elementary whose regular catchment for middle school would be Hatzic Middle School.**
- 3. Busing for middle school students will generally only be provided to Hatzic Middle School. Therefore, the former school of choice students that require busing to attend a middle school would be bused to attend Hatzic Middle School.**

**and THAT the motion be forwarded to the April 19th Board Meeting for consideration.**

**DEFEATED**

A number of students have been attending Hillside, and are expected to be bussed to HPMS. We do not have enough buses to provide a bus to HPMS. We would have to do a realignment of boundaries.

Trustees suggested that given the fact that we do not have any Schools of Choice for Middle schools, busing should be based only on the residential address. P. 65 of agenda – revising: Middle school - students would have to go

back to their residential address catchment school. The Secretary-Treasurer will do an analysis, so that the split of students between HMS and HPMS is done equitably. It was noted that cross-boundary students also do not get a bus.

A question was asked if kids having a safe, walking route or wanting to have a walking buddy is being considered.

A comment was made regarding p. 65 - catchment area students are #3 on the priority list (to be reviewed) - student assigned by the board should be switched with #3.

A comment was made regarding p. 70 - transportation - safe walkable route - we may need more buses, so the kids can get to school safely and not walk along busy highways. Sometimes, the bus is just necessary.

**The Board MOVED & Seconded for Staff to bring data alignment by residential address for middle school catchment area back for consideration.**

**CARRIED.**
