

Custodial Services

The Board of Education recognizes the need to provide custodial services to ensure Mission Public School facilities are kept clean, safe and functional. Funds will be allocated in the annual operating budget to meet these needs.

The role of custodial services is to provide a clean and orderly environment for learning, teaching and working within the school district's facilities; and to assist in ensuring general safety and comfort for staff, students and visitors.

It is expected that cleanliness and security standards will be maintained in all district facilities provided the total costs of the services in the school district do not exceed the amounts provided in the annual budget of the Board.

Date of Board Approval: April 21, 2015
